Message from Chairman, SJVN Limited

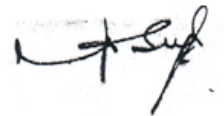

Going between the lines of CSR Policy of SJVN, one revels on the ethical and instrumental aspects propounded by SJVN Foundation, the fountain head of CSR activities. Ethical CSR activities like creation of community assets reveal our selfless altruistic attitude towards societies. Instrumental CSR activities like skill up-gradation of local youth and farmers are purposive, yielding economic benefits in the long run. It is heartening to note that SJVN so far spent Rs. 9130.05 Lacs on creation of vital infrastructural facilities like bridges, bypass road, schools, water supply resources in its project affected areas. Similarly Rs. 861.75 lac was spent on healthcare of local people and medical facilities at door steps in rural areas. All these speak of good works done by the Foundation and can be best described as a facet of PURA (Providing Urban Amenities in Rural Areas), enlivening the concept floated by Bharat Ratna Dr. A.P.J. Abdul Kalam.

The greatest test in implementation of CSR programmes lies in active participation of local communities in community development activities. I owe appreciation to the Foundation for having constituted Village Development Advisory Committees (VDACs) in its Project Affected Panchayats for planning, organizing and managing the need-based developmental works. There is a overwhelming response from the villagers who are actively participating in all such CSR works enabling timely execution for the benefit of community.

One of the challenges for SJVN is to maximize opportunities for local people to be gainfully employed. During the last fiscal years, SJVN spent Rs. 1998.60 lacs on imparting technical education to local youth and up-gradation of technical skills and created a pool of skilled youth. It is expected that all the trained manpower will be availing employment opportunities wherever and whenever arise in future.

Seeing is believing -a whirlwind tour of the villages in and around Nathpa Jhakri Hydropower Station (NJHPS) and Rampur Hydro Power Project (RHEP) will afford a glimpse of the socio-economic prosperity ushered in by the CSR activities of SJVN.

I wish the Foundation all success in its CSR endeavours.

R P Singh

Message from Chairman, SJVN Foundation

It is my privilege to issue the first comprehensive annual report of our CSR activities. This year was special as we moved in a cohesive manner and could meaningfully reinforce responsibilities of the Foundation towards society. Goodness is the only investment that never fails. This was perhaps the motivation behind our efforts. It is indeed a moment of contentment that we have associated local Panchayats and leading NGOs like Indian Association of Muscular Dystrophy, HelpAge India etc. to address prevailing societal issues. Let me briefly refer to some CSR initiatives of the Foundation during FY 2012-13.

We implemented innovative schemes like SJVN Silver Jubilee Merit Scholarship Scheme, Model Village scheme, Women and Child Development Scheme and Clean Village Scheme. All these initiatives enabled us to place our efforts in an organized and systematic manner which yielded tangible results.

I would like to share my dilemma during the initial phases as those were the defining moments of the Foundation. Initially we were skeptical as to how CSR funds are to be spent, whether CSR works are to be taken up in project affected areas or in areas which require immediate intervention. We held many brainstorming session and frequent Foundation meetings. Finally we arrived at a consensus that our CSR activities will be a blend of all those factors to make them sustainable. Although there will be major spending in project affected areas but simultaneously we will be taking up projects at other places where interventions are necessary. Engaging NGOs is one option and constituting village development advisory committees at projects is another for implementation of CSR works.

I would thank our committee of Directors on CSR for their valuable suggestions from time to time and for monitoring activities of the Foundation. My sincere feeling of appreciation is due to the trustees of the Foundation who have made all these possible. I would also congratulate CSR teams for taking CSR agenda forward and making CSR a good arm of SJVN.

Happy reading!

INTRODUCTION

The main objective of CSR initiatives is to discharge social obligations to the communities within which SJVN works. Secondly efforts are made to bring about positive impact on communities and environment within which the business activities of SJVN take place. CSR provides an opportunity to establish good relations with the local communities and at the same time to serve the society in an institutional manner for socio-economic upliftment in general. The CSR programs have been evolved based upon need assessment surveys and also on the following guidelines issued by govt. agencies from time to time:

- ♦ Guidelines of Ministry of Heavy Industry and Public Enterprises (Department of Public Enterprises), Government of India.
- ♦ Govt. of HP Guidelines on "Local Area Development Authority"
- ♦ Guidelines on CSR issued by Ministry of Corporate Affairs, GOI
- ♦ Guidelines of Global Compact Network
- ♦ CSR Policies of various other institutions pioneered in CSR works like TATA, Aditya Birla
- ♦ Diamond Petra, NTPC , ONGC etc
- ♦ Alignment with industry trends
- ♦ Improved management risks
- ♦ Improved standing with govt. and regulators
- ♦ Enhanced shareholder value
- ♦ Survival of business in long term
- ♦ To build a global corporate brand
- ♦ Improved relationship with local communities

The CSR policy of SJVN demonstrates the implementation process as under:

"Hydro electric power projects form the backbone of SJVN. These are located in far reaches of mountainous regions which are scarce in infrastructural facilities and where the populace is socio- economically backward. SJVN being a responsible corporate citizen strives to bring about overall positive impact on societies living in such regions. Besides, its CSR activities will also cover a wide range of issues relevant to larger society and of activities that could have lasting impact. CSR programs in SJVN shall not be adjunct to R&R activities." Thus the CSR programs/ schemes of SJVN mentioned in the subsequent chapters are directed towards attainment of the ultimate objective of CSR.

INSTITUTIONAL SET-UP

As an institutional arrangement SJVN constituted a Trust registered as "SJVN Foundation" comprising the following trustees for implementation of CSR programs:-

a)	Director (Personnel)	-	Chairman
b)	Corporate Head (F&A)	-	Member
c)	Corporate Head (P&A)	-	Member
d)	Head (Corporate Planning)	-	Member
e)	HOP (NJHPS)	-	Member
f)	HOP (RHEP)	-	Member
g)	Corporate Head (R&R/CSR)	-	Member Secretary

The tenure of member-trustee from each of the two projects is for a period of two years. Every project will have its representative in the Board of Trustees on rotational basis to be nominated by the Trustees. The Trust with the permission of Chairman can co-opt any special invitee from time to time.

At the top level, a committee of directors headed by independent director is functioning which periodically reviews and monitors CSR activities of SJVN. Besides, external professional agencies like AERC are engaged to monitor specific CSR activities time to time. For the FY 2012-13 an external evaluation committee comprising of three members has been constituted.

The community development/ peripheral development activities are evolved in consultation with the local area development committee (LADC) of the district in which SJVN's projects are located. Various other CSR activities are finalized in village development advisory committees (VDAC) in which people's representation is adequately ensured. VDAC comprises the following members:

Head of Project	Chairman
Head of Project R&R/CSR	Member
Head of Project Infra/ civil deptt.	Member
Head of F&A deptt.	Member
Gram Pradhan of Panchayat	Member
Up Pradhan/ another member of Panchayat	Member
Female representative from village	Member

Transparency in decision making and implementation processes involved in CSR activities is ensured by people participation as mentioned above.

CSR VERTICALS AND ANNUAL PLAN

The CSR projects in SJVN are undertaken in five verticals which are as follows:

- **Education**
- **Infrastructure development and community development**
- **Health care and welfare**
- **Promotion of Culture/ Melas, sports etc.**
- **Assistance during natural disasters**

The expenditure details in each vertical are depicted in ensuing pages.

Base Line survey for the FY 2012-13 was undertaken by Agro-Economic Research Centre (AERC), Himachal Pradesh University, Shimla. Based upon the findings of the survey, CSR annual plan of Rs. 16.03 crores (being 1.5% of PAT of FY 2011-12) was chalked out and accordingly entire fund (Rs. 16.03 crores) was transferred by SJVN to SJVN Foundation. The fund is non lapsable, thus ensuring that any unspent amount in a particular year is transferred to and utilized in next years. The CSR fund was further transferred to the projects as per allocations made. The following were the broad heads under which CSR activities were undertaken during the FY 2012-13:

1. Installation of garbage disposal containers in project affected villages.
2. Construction of community infrastructural assets like village paths, community halls, augmentation of technical institutes, school buildings, playgrounds, etc.
3. Imparting technical knowhow to farmers for better farm management through horticulture / veterinary / agriculture camps, farming tools, kits, technical tours to villagers, etc.
4. Providing free consultancy and medicines to local people of project affected areas through Mobile Health Van, Health Camps, etc.
5. Providing scholarships / rewards to meritorious students of project area families.
6. Technical education to local youth.

7. SJVN Silver Jubilee Merit Scholarship Scheme
8. Support to Educational Institutes.
9. Grant-in-aid to DPS Jhakri.
10. Support to Municipal Corporation Shimla for infraworks/ Beautification of Shimla
11. Social studies / publication of articles / Reports in journals
12. Promotion of Culture/ Melas, Sports, etc.
13. Misc. CSR schemes/ works like educational support, women and child development, installation of tower lights / benches in public places, provision of stretchers / wheel chairs in hospitals, etc.

Expenditure details of CSR activities during FY 2012-13

SN	CSR Vertical	Amount Spent (in lacs)	Amount Spent (in lacs)
1	Education & Skill Development		874.06
a	Imparting technical knowhow to farmers for better farm management through horticulture / veterinary / agriculture camps, farming tools, kits, technical tours to villagers, etc.	7.26	
b	Providing scholarships/ rewards to meritorious students of project area families.	3.13	
c	Technical education to local youth.	58.28	
d	SJVN Silver Jubilee Merit Scholarship Scheme	47.39	
e	Support to Educational Institutes*	700.00	
f	Grant-in-aid to DPS Jhakri.	58.00	
2	Infrastructural Development and Community Development		357.11
a	Construction of community infrastructural assets like village paths, community halls, augmentation of technical institutes, school buildings, playgrounds, etc.	205.45	
b	Support to Municipal Corporation Shimla for infraworks/ Beautification of Shimla#	141.46	
c	Installation of garbage disposal containers in project affected villages	10.20	
3	Health care and Welfare		13.81
a	Providing free consultancy and medicines to local people of project affected areas through Mobile Health Van, Health Camps, etc.	6.61	
	Powered wheel chairs to IAMD	5.22	
	Wheel chairs to KNH	0.98	
	Udaan (NGO)	1.00	
4	Promotion of Culture/ Melas, Sports, etc.		55.23
5	Assistance during natural Disasters		50.00
6	Misc. CSR activities		51.21
	Total		1401.42

* Also includes financial assistance of Rs. 1.5 cr to ITI Berthin and ITI Bengana booked under FY 2011-12

Also include outstanding (committed) liability of Rs. 1.05 cr

Based upon the above, appropriate CSR activities undertaken during the FY 2012-13 are elaborated in the subsequent chapters.

CSR INITIATIVES (FY 2012-13)

4.1 Education & Skill Development programs

Education is the most powerful weapon which can be used to change the world. This famous quote by South African Rights leader Nelson Mandela has inspired SJVN Foundation which has pitched education and skill development as an engine for development initiatives in the remote and inaccessible SJVN project areas situated in treacherous Himalayan Terrains. Keeping this in mind, SJVN Foundation has put in place slew of measures keeping the focus on education & skill development. The skill development programs implemented by SJVN have shown substantial growth in the socio- economic profile of the project affected areas and also general well being of local population and society at large.

4.1.1 SJVN Silver Jubilee Merit Scholarship Scheme

SJVN has launched SJVN Silver Jubilee Merit Scholarship Scheme which aims at inculcating competitive spirit amongst students and to nurture their academic talent. The implementation of the scheme has been assigned to HIMCON.

Recipients of Merit scholarship

The students who have secured minimum 60% or its equivalent grade in 12th class examination in any discipline from a school affiliated to State Education Board, CBSE or ICSE in academic session 2011-12 in the States of Himachal Pradesh and Uttarakhand are entitled for the scholarship. 147 students were awarded scholarship of Rs. 24,000/- (Rs. Twenty four thousand only) per year for the whole duration of the next higher degree course after class 12th like bachelors degree in Engineering, Medical, Arts/ Science/ Commerce/ Agriculture/ Horticulture/ Veterinary/ Business Administration/ Computer Applications / LLB (5 years course) etc. in a function held on 09/02/2013 at Hotel Peter Hoff, Shimla.

4.1.2 Training to the Local Youth in Construction Industry Development Council (CIDC)

As a part of its CSR initiative, SJVN sponsored three months training program to 120 young individuals selected from project affected areas of SJVN in the states of H.P. and Uttarakhand.

The Program is being conducted by Construction Industry Development Council (CIDC) in Faridabad. The objective of the program is to enhance the technical skills in core trades, so that the unemployed youth hailing from Project Affected Areas of SJVN are gainfully employed in various infra projects besides becoming confident in setting up one's own enterprises. The candidates were sponsored in the trades of Electrical, welder and site accountant.

Candidates at CIDC training centre, Faridabad

4.1.3 Reward to the meritorious Students

This year which marks the Silver Jubilee of SJVN's existence, the Foundation has launched "Scheme to Reward the Meritorious Students Studying in Schools Situated in Project Affected Areas of SJVN". Under the scheme, 24 topper students of classes 5th, 8th, 10th and 12th in schools situated in Nathpa Jhakri Hydro Power Station (NJHPS) and Rampur Hydro Electric Project (RHEP) have been rewarded @ Rs. 1000, 2,000, 3000 and Rs. 4,000 respectively.

Students receiving reward

4.1.4 Adoption of two ITIs

With a view to support the GOI program for adoption of 1386 ITIs and as a drive towards national campaign for skill up gradation, SJVN has adopted two ITIs in Himachal Pradesh i.e. one in Berthin, Distt Bilaspur and the other in Bangana, Distt Una. These ITIs facilitate the local youth to acquire required technical and vocational skills for employability in various industries not only in Himachal Pradesh but elsewhere besides enabling self entrepreneurship skills. Rs. 2 Cr has been provided as financial support to two ITIs.

4.1.5 Financial Assistance to Atal Bihari Vajpayee Engineering College.

SJVN Foundation in its endeavor to enhance higher technical education in the state of Himachal Pradesh has offered institutional support to ABV Institute of Engineering and Technology, Pragatinagar, H.P. for setting up infrastructural facilities. This year SJVN released financial support of Rs. 5 Cr to the ABV Engg. College which makes the cumulative financial support of RS. 11 Cr against committed amount of Rs 15 Cr.

ABV Engg. College

4.1.6 Training of farmers in Regional Horticulture Research Centre, Mashobra

A batch of 25 farmers from various projects area villages have been imparted in-house training program at Regional Horticulture Research Centre, Mashobra (HP). The training aims at intensive exposure to the new farm technology to the farmers in horticulture.

Farmers at Regional horticulture Research Centre

4.1.7 Technical Education for Local Youth

In the current academic session, 60 students, 30 each from Luhri HEP and Dhaulasidh HEP have been sponsored for various vocational courses in ITIs of HP. Thus under this scheme the total number of candidates sponsored becomes 255. SJVN has framed this scheme which aims at providing technical education to local youth enabling them to meet the job requirements in various industries and for self employment. The local youths are sponsored for various vocational courses like electrician, welder, motor mechanic, computer, masonry, plumber, cutting and sewing etc in ITIs situated in the states. Apart from full tuition fee, they are also provided scholarship @ Rs 700 pm for full course. The amount of scholarship has been enhanced to Rs. 2,000 which is applicable from academic session 2013.

Student receiving formal sponsorship certificate from project authorities

4.1.8 Study Tour of Farmers

A two day study tour for 25 farmers of Project Affected Areas of Rampur Hydro Electric Project (RHEP) was organized. The farmers were taken to Dr. Y.S. Parmar University of Horticulture & Forestry, Nauni- Solan, H.P. from 22/11/2012 to 23/11/2012. The objective of the tour program was to familiarize the local farmers with latest techniques and know-how in farming methodologies.

Study tour of farmers at Dr. YS Parmar University

4.1.9 Veterinary Awareness Camps in LHEP

Two Veterinary Camps were organized in Luhri Hydro Electric Project (LHEP) at Village Bharara, Tehsil Sunni, Distt. Shimla located on left bank of river Satluj and at Village Binda, Tehsil Karsog, Distt. Mandi (Location of Power House) on the right bank of river Satluj on 18.12.2012 and 21.12.2012 respectively.

The Camps were organized by associating Veterinary Officer from HP Animal Husbandry Deptt. The camps included all the aspects of animal care and food supplements required for them. During the camp, mineral mixture and de-worming tablets were distributed to the villagers. Over 100 villagers were benefitted by these camps.

The doubts of villagers on various issues of animal care were clarified by the experts. The entire session was conducted in local dialect by Veterinary Officer who belongs to local area.

Veterinary Awareness Camp

4.1.10 Agriculture Awareness Camps in LHEP

Luhri Hydro Electric Project (LHEP) affected areas are under-developed and communities are dependent either on agriculture production or forest produce. The main occupation of residents alongside the river Satluj from Dam Site located in Gram Panchayat Nirath in District Shimla and in Gram Panchayat Dehra in District Kullu to the Power House site located in Gram Panchayat Bindla in District Mandi is agriculture. Therefore as a part of CSR Policy of SJVN, it was decided to conduct Agriculture Awareness Camps, one each in District Shimla, Kullu and Mandi. The village Teban in District Mandi, Village Moin in District Kullu and village Pandoa in District Shimla were selected for agriculture awareness camps as these villages are thickly populated besides agriculture being their main occupation.

Agriculture Awareness Camp in LHEP

The Camps were organized by associating Agriculture Development Officer from HP Agriculture Department. 200 farmers have participated in these camps. The camps included all the aspects of modern cultivation, rain water harvesting, organic farming, soil conservation schemes, crop insurance and Govt. schemes available for farmers. Rs. 1.78 lacs has been spent on awareness camps on horticulture, agriculture and veterinary.

4.1.11 Distribution of School Bags to the children of Schools of project affected areas of Natwar Mori & Jakhol Sankri Hydro Electric Project (NM&JS HEP)

Schools bags were distributed amongst the students of Paw Talla, Sanwari, Paw Mallah, Sunkunddi. The move aimed at inculcating learning enthusiasm among students and encouraging them to attend the school regularly. The school bags were distributed to 425 students of Primary schools. An expenditure of Rs. 82,875/- has been made for distribution of school bags to the children.

HOP (NM&JS) with school children

4.1.12 Agriculture, Horticulture and Veterinary Training programmes in Natwar Mori and Jakhol Sankri Hydro Electric Project (NM&JS)

Agriculture, Horticulture and animal husbandry are the main occupations of the people in NM&JS HEP area. Therefore as a CSR Activity, two days training programmes on Agriculture, Horticulture and Veterinary were organized at Krishi Vigyan Kedra, Chinyalisaur, Uttarkashi (UK) from 07-03-13 to 08-03-13 and 15-03-13 to 16-03-13 for the farmers of project affected villages of NMHEP. The objective of the programs was to make them aware of the technical know-how so as to improve the farm yield and to improve breeds and health of their live stock. The queries of villagers on various issues were also addressed by the experts and they were also provided practical training in the institute. 40 villagers were benefitted by these training programs. A tool kit was also provided by SJVN to each farmer after completion of training program. An expenditure of Rs. 1,41,300/- was made for this activity.

Training Programme at Krishi Vigyan Kedra, Chinyalisaur, Uttarkashi (UK)

4.1.13 Krishi Mela at Devasari Hydro Electric Project

Krishi Mela has been organised at GMVN Rest House, Village Purna on 03/03/2013. Experts from HNB Garhwal University shared experiences on "Horticultural Intervention in social and economic upliftment of farmers". The Krishi Mela helped in dissemination of useful information on latest horticulture practices. 200 farmers benefited from Krishi Mela.

Distribution of seeds and shovel to local farmer in Krishi Mela

4.1.14 Technical Training in Computer Operation System for local youth in Devasari Hydro Electric Project (DHEP)

Two batches of 15 local youths each from project affected areas has been sent to Hiltron-Calc Study Center, Srinagar Garhwal for technical training in computer operating system of 15 days duration. The training program facilitated enhancement of computer skills in the local youth of project affected areas and will help students to progress well in their professional career. An expenditure of Rs. 2,26,000/- has been made in relation to this activity.

Project authorities with local youth

4.1.15 Horticulture Awareness Camps in Luhri Hydro Electric Project (LHEP)

Some panchayats of LHEP are located in horticulture belt, where the main occupation of people is horticulture. Therefore Horticulture Awareness camps have been organized at Village Dalan, Panchayat Kirti, Village, Dalash, Panchayat, Dalash, Village Khanwal Bagra Panchayat Shahot.

These Camps were organized in association with Horticulture Specialists from Regional Horticulture Research Centre, Mashobra under Nauni University. The main focus was on the new techniques of farming, up-keeping of orchards, use of pesticides, prevention from diseases etc. This opportunity was also availed for dissemination of information on the project activities.

Horticulture Awareness camp in LHEP

4.1.16 Agricultural/ Horticultural Camp at Nathpa Jhakri Hydro Power Station (NJHPS)

Nathpa Jhakri Hydro Power Station, Jhakri organized horticultural and agricultural camps under CSR activities at Village Shah in Gram Panchayat Dhargaura on 09/03/2013 with the help of Agro Economic Research Centre, HP University, Shimla for better farming and protection of plants from the disease, production of quality fruits, marketing of the produce in the market etc. The main crop of the area is apple and such type of knowledge given to the farmers by the specialists was useful. 92 farmers/ agriculturalists participated in the camp. The Pradhan and Vice-Pradhan of Gram Panchayat, Dhargaura were also present on the occasion and appreciated the efforts made by SJVN for organizing such type of programs and requested for the same in near future for the benefit of farmer community.

Agriculture and Horticulture camp at NJHPS

4.1.17 Veterinary Awareness Camps in Luhri Hydro Electric Project (LHEP)

As a part of CSR Policy of SJVN, a Veterinary Camp was organized in LHEP near Dam Site at Village Behna, Tehsil Ani, Distt. Kullu on 06.03.2013. The Camp was organized in association with Veterinary Officer from HP Animal Husbandry Deptt. The camp included key aspects of animal care and food supplements required for them. During the camp, mineral mixture and de-worming tablets were distributed amongst the farmers for their animals. Over 100 villagers were benefitted by these camps. The queries of villagers on various issues of animal care were addressed by the expert. The entire session was conducted in local dialect by Veterinary Officer for effective dissemination.

Organization of Awareness camps for farmers

4.1.18 Skill Development Awareness Program at Nathpa Jhakri Hydro Power Station (NJHPS)

Nathpa Jhakri Hydro Power Station, Jhakri organized two Skill Development Awareness Programmes at HTI, Kotla in association with HIMCON from 11th to 14th March, 2013. In this program a large number of local persons participated and they were apprised of the future training programs for up-gradation of skills required in Bag making, Computer knowledge, Mobile repairs, Tourism etc. to make them self sustainable. The Pradhan, Gram Panchayat, Jhakri extended gratitude to SJVN for organizing the program which he said will help local people at large and requested to continue such type of programs in future too.

Participants at Skill development program in NJHPS

4.1.19 Technical knowhow to farmers for better farm management

Technical knowhow to farmers for better farm management practices has been imparted on 02/02/2013 at Krishi Vigyan Kendra, Gwaldam distt. Chamoli, Utrakhand. The program helped in spreading awareness amongst farmers regarding latest know how and technology.

Farmers at Krishi Vigyan Kendra

4.1.20 Agriculture/ Horticulture Awareness Tour to CSK Agriculture University Palampur

One day agriculture tour for 60 farmers of Project Affected Areas of Dhaulasidh Hydro Electric Project (DSHEP), Hamirpur was organized. The farmers were taken to CSK Agriculture University Palampur on 22/03/2013. The objective of the tour program was to familiarize the local farmers with latest techniques and know-how in farming methodologies.

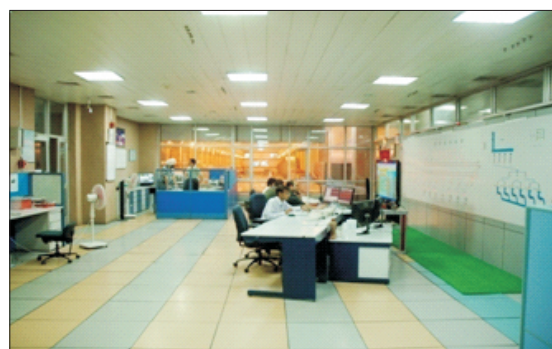

Agriculture/ Horticulture Awareness Tour to CSK Agriculture University Palampur

4.1.21 Apprenticeship scheme

The scheme aims to provide practical exposure to the local students who passed ITI or diploma in technical disciplines. Every year 35 students (30 ITI + 5 Diploma) are selected for one year apprenticeship program. ITI and Diploma students are paid stipend @ Rs.5000/- and Rs.8000/- pm respectively. Additionally they are also provided free accommodation and medical treatment during the apprenticeship period.

In the FY 2012-13, 40 apprentice trainees has undergone training in Rampur Hydro Electric Project (31 no.) Nathpa Jhakri Hydro Power Station (09 No).

Apprentices in NJHPS Power-House

In last four years SJVN has spent appx 65 % CSR budget on educational programs.

4.2 Health Services

4.2.1 Powered Wheel chairs to people with Muscular Dystrophy

SJVN Foundation distributed 09 powered wheel chairs to people inflicted with muscular dystrophy. These wheel chairs were provided through Indian Association of Muscular Dystrophy, a leading NGO working for the benefits of people suffering from Muscular Dystrophy with a total cost of Rs. 5.22 lacs.

Distribution of powered wheel chairs to persons with muscular dystrophy

4.2.2 Medical Camps in LHEP

The medical facilities in far reaches of project affected areas are rarely available. Therefore, Luhri Hydro Electric Project (LHEP) as part of its CSR activity organized first ever medical camp at village Marola (Power House site of LHEP) and village Sartyola of Tehsil Karsog, District Mandi on 27/11/2012 and 06/12/2012 respectively. These villages are not connected by road and our medical team approached these villages on foot by covering the distance of two to four kilometers. In these camps free medical consultancy & free medicines were given. Over 100 people (majority of them belonging to poor segment of society) were benefitted from these camps. This opportunity was also availed for dissemination of information on the project related activities.

Medical Camp at Marola

Free medical check up camps were also conducted by LHEP in Govt. High School, Nirath, Tehsil Rampur, Distt. Shimla, Govt. Primary School Porla (Teban), Tehsil Karsog, Distt. Mandi and Govt. Sr. Sec. School Chebri, Tehsil Sunni, Distt Shimla. During the camps, free Medical checkup, Hb and Blood Group of students were done and blood group cards issued to the students. More than 200 students were benefitted from these camps.

4.2.3 Health Check-up camp-Natwar Mori & Jakhol Sankari HEP (NM&JS)

As a CSR measure, NM&JS organized a health fair/ camp in village PawTalla on 23/12/2012 for the local people under the supervision of Medical officer, Primary Health centre, Mori. About 200 people from Sunkundi, Paw Talla and Mallah and other villages participated in the Health fair. Free medicines to the villagers were distributed.

Health check up camp at PawTalla

4.2.4 Pulse Polio Awareness rally-Dhulasidh Hydro Electric Project (DSHEP)

Playing an active role in pulse polio campaign- 2013, Dhulasidh HEP along with health department Hamirpur under the aegis of SJVN Foundation has organized pulse polio rally in Gandhi chowk, Hamirpur. Students of different schools participated in the rally. On 20th January, 2013 i.e Pulse Polio day, SJVN has also arranged for vehicles for facilitating movement of health officials to polio booths.

The rally has reinforced governmental efforts towards the awareness of vaccination and eradication of polio. Expenditure of Rs. 35,972/- has been incurred on this activity.

HOP (DSHEP) flagging off the rally

4.2.5 Launching of Mobile Health Van in Luhri Hydro Electric Project (LHEP)

A mobile health van has been put in place in Luhri HEP in 2012 for providing free consultancy and medicines to the local people. Such services are already in operation in project area villages of NJHPS and RHEP. The MHV visits project area villages of all three districts namely Shimla, Mandi and Kullu.

Till date more than one lac patients have been provided medical treatment through mobile health vans.

Mobile Health Van being inaugurated by Director (Personnel)

4.2.6 Medical Health camp at Devasari Hydro Electric Project (DHEP), Therali

Medical Health Camp was organized at Pinder Valley School, Tharali on 14/03/2013. Doctors of Dr Kohli Super Speciality Hospital, Rishikesh carried out medical checkup of local villagers and distributed free medicines. The medical health check-up has benefited more than 250 patients.

4.2.7 Medical Camp at Sujanpur (H.P.)

As a CSR measure, Dhulasidh Hydro Electric Project (DSHEP), Hamirpur organised mega medical camp at Sujanpur on 03/02/2013 and provided free consultancy and medicines to people of Project Affected Areas in association with BBC Heart care Jalandhar, Himachal Head & Neck Hospital Hamirpur and Shama Eye & ENT Centre Hamirpur. It included doctors of different specialities i.e. Gastroenterology, Neuro, Heart Specialist, Ortho, Dental, ENT and Physiotherapist. About 500 people from affected panchayats of Distt. Hamirpur and Distt. Kangra participated in the medical camp. Free medicines were distributed to the general public of affected area.

HOP Dhulasidh inaugurating the medical camp

4.2.8 SJVN Silver Jubilee Women and Child Development Scheme

As a CSR measure new scheme has been started named as SJVN Silver Jubilee Women and Child Development Scheme. Under the scheme financial assistance of Rs 5,000/- each during ante natal and post natal period for proper nourishment to each mother under BPL category is provided. In addition to this free consultation to each BPL woman in either PHC, Sub centre, Panchayat Bhawan or at suitable place in respective village during ante natal and post natal period is also provided. The consultation is organized in coordination with doctors and medical staff of SJVN or any govt. hospital. The honorarium of resource person is borne by SJVN as per standing norms. During both the consultations gift pack worth Rs. 1000/- comprising of nutritional food, soaps, and other hygienic items etc. is also given to each of the BPL women. During the consultations BPL mothers are educated about importance of nutritional diet and proper immunization of the child.

10 BPL women have been benefited from this scheme in the FY 2012-13.

Financial assistance to BPL women

DOCUMENTATION, MONITORING AND EVALUATION

All CSR programs are documented and disclosed in public domain through annual reports, SJVN Website, radio programs, journals, public libraries, Project Information Centers etc. SJVN Foundation has also launched Monthly CSR Bulletin from the month of January, 2013.

Internal and external monitoring/ evaluation system of CSR activities has since been in vogue. At the top level, a committee of directors on CSR (COD on CSR) headed by independent director periodically reviews and monitors CSR activities of SJVN. In the FY 2012-13 three meetings of COD on CSR were held. The CSR progress reports are submitted to the COD periodically.

Besides the above, external professional agencies like AERC are engaged to monitor specific CSR activities time to time. For the FY 2012-13 an external evaluation committee comprising the following three members has been constituted:

1. Sh. Rakesh Kaushal, Retd. IAS
2. Dr. R.K. Sood, Retd. Chief Scientific Officer, Deptt. of Environment, GOHP
3. Dr. Ranveer Singh, Officer In-charge, Agro- Economic Research Centre, H.P. University, Shimla

The committee assessed the implementation status of the CSR schemes as per annual CSR plan and also assessed whether the CSR implementation measures are in conformity with the CSR guidelines of DPE, GOI. The Committee completed the evaluation work of various CSR activities undertaken by SJVN Foundation during the FY 2012-13. The committee has also visited project sites and had firsthand look at impact of CSR programs. At the sites, committee held consultations with beneficiaries of CSR programs. The committee has evaluated all CSR targets for FY 2012-13 and reported the outcomes in conformity with the DPE, GOI guidelines and rated them excellent.

CLOSING SUMMARY

The CSR initiatives undertaken by SJVN demonstrate long term sustainability and reflect continued commitment of SJVN. The CSR programs are implemented in a manner that it ensures its active compliance with the spirit of the law, ethical standards, and international norms. The efforts go even beyond compliance and SJVN Foundation actively involves in activities for larger social good, beyond the interests of the company.
