

CSR AND SUSTAINABILITY ANNUAL REPORT 2020-21 & 2021-22

Message

Sh. N L Sharma, CMD, SJVN Ltd.

SJVN as a responsible corporate citizen has always been at the forefront of implementing social initiatives and sustainability programs that have impacted the lives of thousands of people across many sections of society.

Most of the Corporate Social Responsibility (CSR) programs are centered around rural communities living in far-flung areas. The effort has been to make life easier for these people by delivering community services suited to their needs.

Be it for supporting healthcare system, rewarding merit through scholarship for acquiring professional education, imparting vocational trainings, conserving culture by restoring heritage rich monuments, or reviving traditional crafts like weaving, SJVN is empowering the weak, the poor and the deserving to improve their lives.

With the breakout of a global pandemic, FY2020-21 was a challenging one and on the onset of FY 2021-22 the second wave of COVID-19 grappled the world again. During both the waves, SJVN made a meaningful contribution in fighting the pandemic by partnering with the state authorities in their effort towards containment of virus and in arrangement for cold chain equipment to facilitate vaccination of the populace.

CSR and Sustainability Report 2021-22, records and highlights the various CSR and Sustainability measures taken during the FY 2020-21 & FY 2021-22.

SJVN Foundation through various CSR initiatives works for the upliftment and development of society by driving inclusive growth, social equity and sustainable development and in doing so, as is evident from the CSR expenditure over the years which has gone even beyond the annual budget.

To achieve the collective objective of inclusive development in a participatory manner, the current scenario of demands a radical change through advancement of technology and economic development with sustainability. Therefore, our future course of action warrants that we need to align our CSR efforts with the emerging world.

Message

Geeta Kapur, Director (Personnel) – Cum Chairman, Foundation

SJVN Foundation is pleased to present the sixth volume of its CSR Annual Report which is an effort to document the various activities being undertaken by the company to fulfil its Corporate Social Responsibility commitments.

The CSR activities undertaken by the company can be broadly categorized in six major verticals, which are health & Hygiene, education & skill development, creation of community assets, sustainable development, promotion of local culture and sports, and extending relief and assistance during natural disaster.

In FY 2020-21 and FY 2021-22, SJVN Foundation made maximum contribution in saving lives by combatting COVID-19 Pandemic aggressively. Masks, sanitizers, PPE kits, face shield etc. were distributed in hospitals and around our project areas. A Cold Chain set up by SJVN proved critical for roll out of the vaccination program of Govt. of India and Himachal Pradesh. The Satluj Sanjeevni Sewa - mobile health service, was widely deployed to provide emergency last mile healthcare services when a complete lockdown was in force.

About half the CSR Budget was spent on activities related to combatting COVID-19. The pandemic affected everyone and we tried our best to extend valuable support to the needy ones. We extended financial support to the Union and State government, rewarded corona warriors, developed health care infrastructure and distributed food packets and monthly rations to the needy persons.

Infrastructure and community assets are regularly being built on a need basis from the requests received from villages and through local community-based organizations. For Sustainable Development, the organization has been supporting the development and maintenance of school toilets, installation of dustbins, restoration of water bodies, installation of solar lights, installing solid waste treatment plant etc.

SJVN will continue to respect its commitments towards local communities and societies at large, and make conscious efforts to enhance the quality of life as well as environmental sustainability through its CSR and Sustainability programs.

Corporate Social Responsibility and Sustainability in SJVN

SJVN, as a responsible corporate citizen, has assimilated Corporate Social Responsibility (CSR) as an integral part of its business and is pledged to fulfill its social and environmental commitments for meaningful organizational growth. SJVN is of the firm belief that a part of its profits should essentially and regularly flow to the society and the stakeholders in terms of the government guidelines.

CSR Vision

To make people and earth partners in our growth

CSR Mission

SJVN is pledged to fulfil its social and environment commitments; because we know that our growth is meaningful when we share it with society.

SJVN has formulated and adopted a well-designed CSR and Sustainability Policy which was initially framed as per CSR guidelines issued by the Department of Public Enterprises (DPE) and is being revised from time to time as per government guidelines. The current CSR and Sustainability Policy has been revised as per the provisions laid under the Companies Act, 2013, and the CSR (Corporate Social Responsibility Policy) Rules notified by the Ministry of Corporate Affairs (MCA) in pursuit of the aforesaid Act. Based on provisions of the aforesaid Act, the Annual CSR and Sustainability Budget provided is equal to 2% of the average of the preceding three years' net profit of the company and the plan is recommended by a board level Committee of Directors (COD) on CSR and approved by the Board. The details of COD members as on 31.03.2022 are as follows:

1. Sh. Subhash Chander Negi, Independent Director* - Chairman
2. Dr. Rajnish Pande, Independent Director* - Member
3. Dr. Udita Tyagi, Independent Director - Member
4. Dr. Danveer Singh Yadav, Independent Director - Member

**Ceased w.e.f 25th March 2022*

The CSR activities enumerated under Schedule VII of the aforesaid Act are the guiding principles for selection of CSR programs by a company. Following such principles, SJVN has framed its CSR programs on health & hygiene, education and skill development, women empowerment, infrastructure development, community development, sustainable development, promotion of culture, protection of heritage & sports, assistance during natural disasters, rural development, support to hospitals for COVID-19, R&D etc.

The CSR programs are being primarily executed in operational areas of SJVN in India viz. in Himachal Pradesh, Uttarakhand, Bihar, Gujarat and Maharashtra.

In order to implement and monitor the CSR and Sustainability programs in effective manner, the SJVN Board has approved a Trust registered as 'SJVN Foundation' comprising seven trustees. The Trust is headed by Director (Personnel). The trustees are senior officials from cross functional areas so as to infuse the required strategic direction to the CSR and sustainability programs. Presently, as on 31.03.2022, the Trust is constituted by the following:

Permanent Trustees from the Corporate Office

- | | |
|---|--------------------|
| 1. Smt. Geeta Kapur, Director (Personnel) | Chairman |
| 2. Sh. D. Dash, Executive Director (F&A) | Trustee-Treasurer |
| 3. Sh. V. Sankaranarayanan, Executive Director (CP) | Trustee |
| 4. Sh. S. Patnaik, Executive Director (HR) | Trustee |
| 5. Sh. Awadhesh Prasad, Sr. AGM(CSR) | Trustee- Secretary |

In addition, there are Trustees from the projects who are opted on rotational basis, for a period of two years:

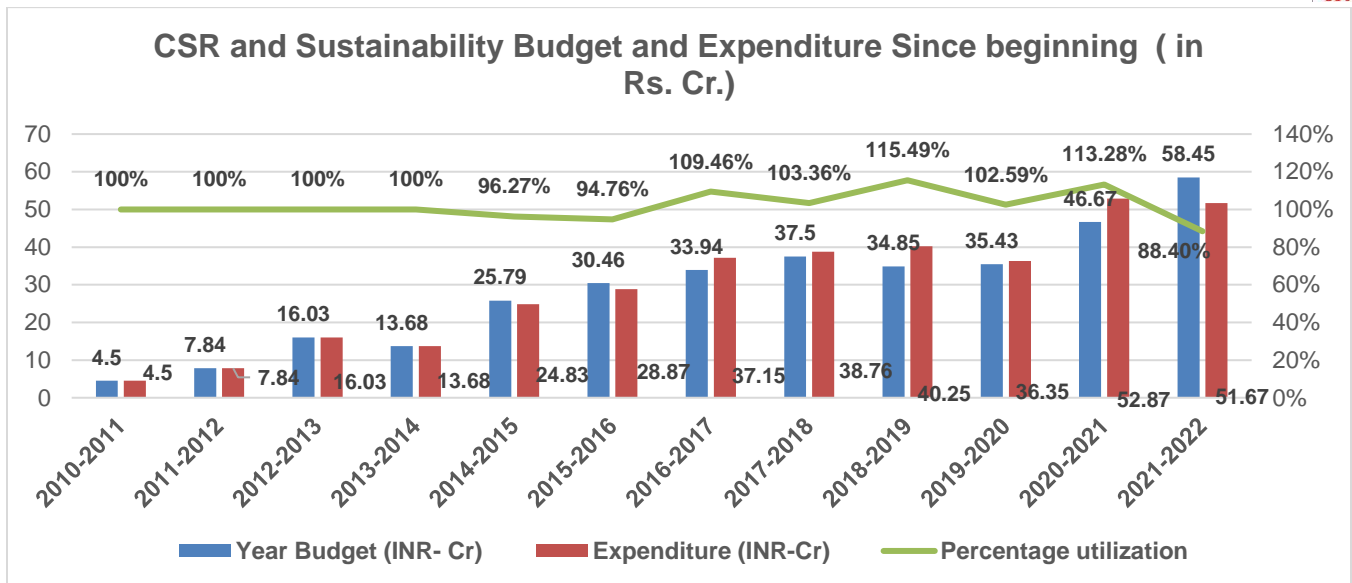

- | | |
|----------------------------|---------|
| 1. Head of Project (NJHPS) | Trustee |
| 2. Head of Project (RHPS) | Trustee |

CSR & Sustainability Budget and Expenditure - Overview

Much before the government guidelines under the Companies Act 2013, SJVN had started formulating a defined budget for CSR and Sustainability activities in the year 2010-11. The budget provision over the years has increased about 13 times, from ₹4.5 crore in 2010-11 to ₹58.45 crore in 2021-22 while the actual expenditure has at times surpassed the budget provision by up to 115.5 percent. Over the past 12 years, a total budget of more than ₹352.80 crore has been provided for these activities. An overview of CSR & Sustainability Budget and Expenditure, since beginning i.e. year 2010-11 is as follows:

CSR and Sustainability Budget and Expenditure (INR Cr)			
Financial	Year Budget (INR- Cr)	Expenditure (INR-Cr)	Percentage utilization
2010-2011	4.5	4.5	100%
2011-2012	7.84	7.84	100%
2012-2013	16.03	16.03	100%
2013-2014	13.68	13.68	100%
2014-2015	25.79	24.83	96.27%
2015-2016	30.46	28.87	94.76%
2016-2017	33.94	37.15	109.46%
2017-2018	37.50	38.76	103.36%
2018-2019	34.85	40.25	115.49%
2019-2020	35.43	36.35	102.59%
2020-2021	46.67	52.87	113.28%
2021-2022	58.45*	51.67	88.40%
Total	345.14	352.8	-

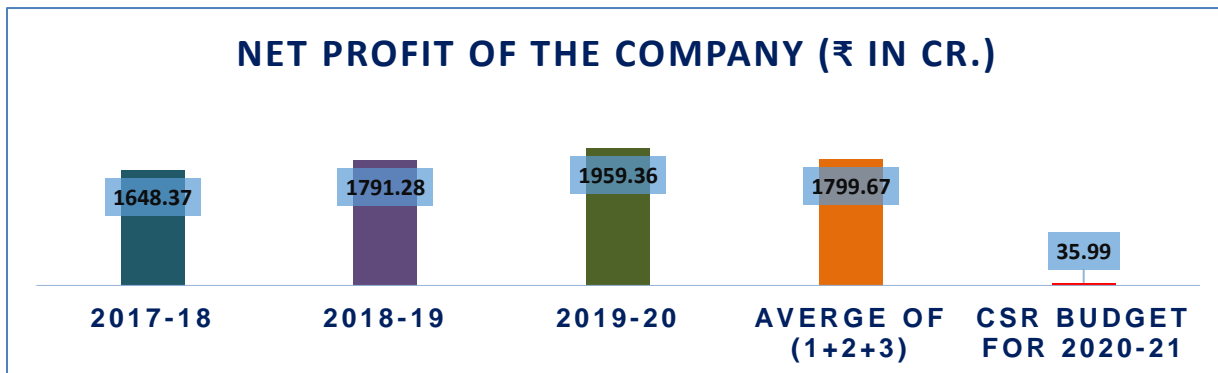

*Statutory budget for the FY 21-22 is ₹39.44 Crore.

The table and graph clearly show increasing trend in CSR expenditure. The expenditure of FY 2021-22 is based on budget spent till 31.03.2022.

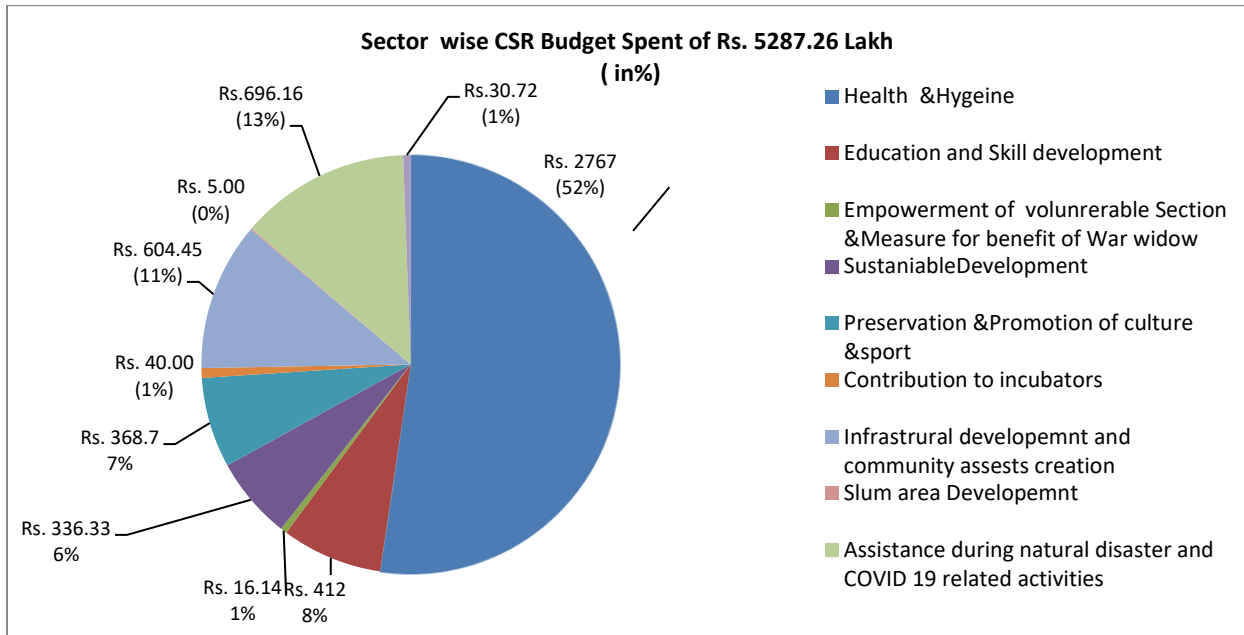

Detailed CSR Budget Plan FY 2020-21 and Expenditure

Net Profit of SJVN for the last three financial years is depicted below:

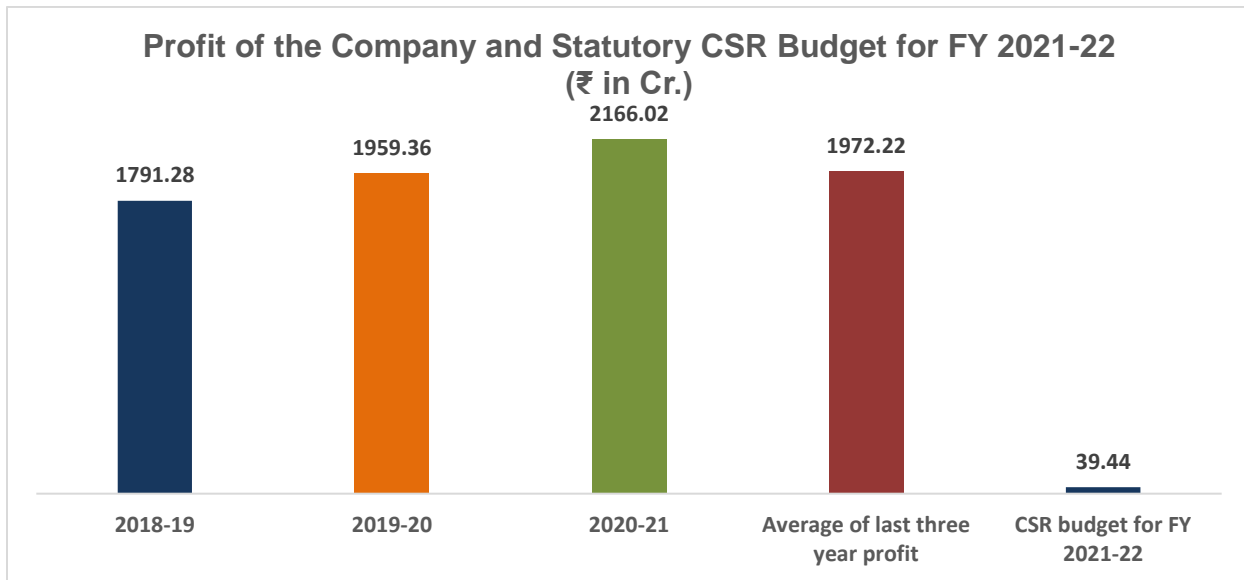

Based on the CSR & Sustainability budget procedures stipulated under the Companies Act 2013, the Board of Directors had approved a budget of ₹46.67 Crore for the year 2020-21. The expenditure for the year surpassed the budget provision by more than 13 percent to ₹52.87 Crore.

Sector wise graphical representation of CSR expenses during the year 2020-21 is detailed at table-2 at Appendix-1

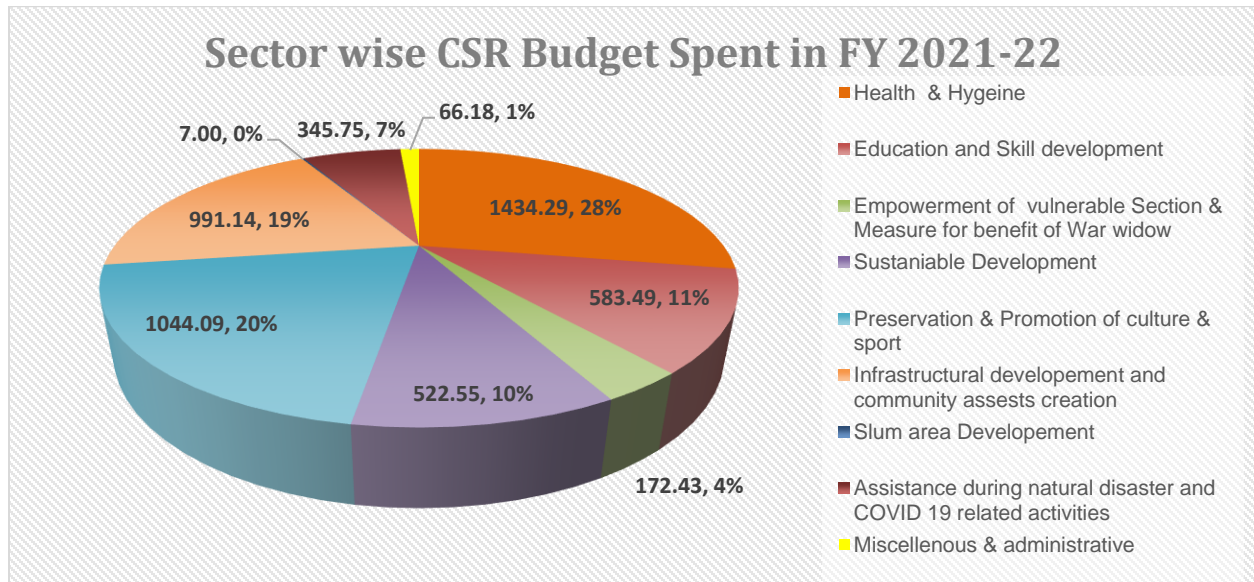

Detailed CSR Budget Plan FY 2021-22 and Expenditure

Net Profit of SJVN for the last three financial years is depicted below:

Based on the CSR & Sustainability budget procedures stipulated under the Companies Act 2013, The statutory budget for FY 21-22 i.e. 2% of average of last three years net profit was ₹39.44 Cr. However, the Board of Directors had approved a budget of ₹58.45 Crore for the year 2021-22. The expenditure for the year surpassed the statutory budget provision by more than 30 percent to ₹51.67 Crore.

Sector wise graphical representation of CSR expenses during the year 2021-22 is given below:

For reaching out to the society in general and the stakeholders in particular, SJVN has formulated seven verticals under which the budget outlay is provided and spent. Depending upon the needs under different segments, the budget provision is reviewed and reframed year after year.

Details of the different verticals of CSR are given hereunder:

Health and Hygiene

More than three decades ago when SJVN commenced construction at its flagship and the country's largest 1500 MW Nathpa Jhakri Hydro Power Station, the company found that the people living in the vicinity of the project suffered a lot due to lack of health and medical facilities. It was therefore in the very formative years of its inception that SJVN included the aspect of providing medical facilities to these people in one way or the other. SJVN had initiated the Community Development Plan (CDP), since inception of its CSR policy through which it has been providing better health facilities to the local rural communities living in remote areas, devoid of health care services. It was also found that the people could ill afford the medicinal costs as well. SJVN had therefore taken the Community Health Initiative in a big way in the year 1995 and provided financial assistance of ₹800 Lakh (eight crore) to the Government of Himachal Pradesh for

construction of a 200 bedded hospital in Mahatma Gandhi Medical Services Complex (MGMSC) at Khaneri near Rampur in Himachal Pradesh. Since then, medical services are being provided not only in the project affected areas but also in the adjoining districts like Shimla, Kinnaur and Kullu. The medical facilities include free medical care not only at the project hospitals but also through Mobile Medical Units being operated since the year 2000 to provide medical services at the door steps of the local communities. Details of various healthcare facilities and activities being extended by SJVN foundation for the locals are as under:

Satluj Sanjeevani Sewa(SSS) – Health Care at Door Steps

Satluj Sanjeevani Sewa was launched on the occasion of SJVN’s Silver Jubilee in the year 2012. Through these mobile medical units SJVN has been providing free medical care at door steps to the poor and needy rural communities around its project areas in the states of Himachal Pradesh, Uttarakhand, Bihar and Maharashtra. There are 14 Mobile

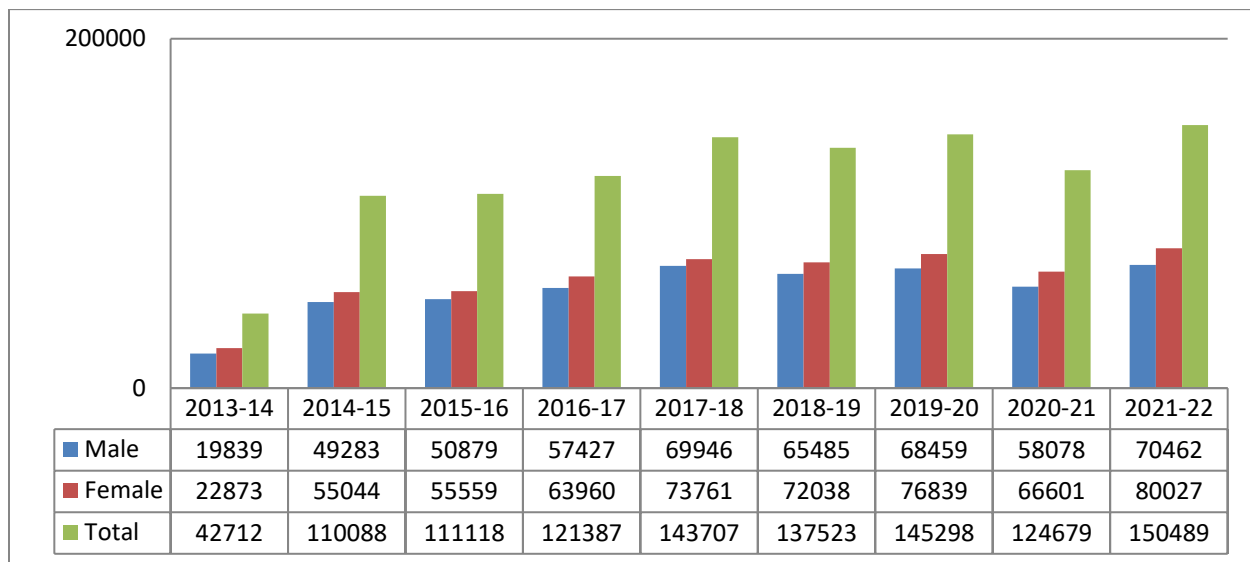

Medical Units (MMUs) manned by qualified medical staff (MBBS doctors, pharmacists, social protection officers) and equipped with basic diagnostic test equipment operating in the defined areas. The services are being implemented through HelpAge India

More than 10.5 lakh treatments have so far been provided through these MMUs since beginning while during the year 2021-22 itself the number of treatments extended was about 1.50 lacs. Details of cumulative treatments provided through these 14 MMUs till 31st March 2022 are detailed below:

SN	MHU	Total treatments FY 2021-22	Total Cumulative treatments by MMUs till March, 2022		Grand Total
			Male	Female	
1	Buxar 1	14445	56850	52793	109643
2	Buxar 2	26296	76330	70854	147184
3	Devsari 1	4230	33802	31303	65105
4	Devsari 2	5223	33352	25384	58736
5	Dhulasidh	12004	37047	54021	91068
6	Jangi Thopan	4175	5097	5835	10932
7	Khirwire	11628	41259	48125	89384
8	Luhri-1	15476	51377	59468	110845
9	Luhri-2	13356	48060	62266	110326
10	Naitwar Mori	4631	18260	13615	31875
11	Nathpa Jhakri-1	8702	43474	57647	101121
12	Nathpa Jhakri-2	9299	27986	33306	61292
13	Rampur	12708	31172	47412	78584
14	Shimla	8316	3643	4673	8316
	Total	150489	507709	566702	1074411

The gender wise cumulative treatment provided by MMUs till date is shown in the bar chart given below for treatments given till **31st March 2022** (FY 2021-22):

In addition to these 14 MMUs, one MMU is being operated by company doctors and Para medical staff in project affected areas of Rampur HPS also.

MMUs through Dhanush Foundation:

Buxar Thermal Power Project (BTPP) is operating five Mobile Medical Units in the project area through an independent NGO, Dhanush Foundation. The project authorities have entered into a MoU with Dhanush Foundation for Running and Maintenance of 06 MMUs under "Chikitsa Chikitsak aapke Dwar" Program. The services of MMU were commenced with effect from 17.05.2021 and covered the areas of Brahampur, Buxar, Dumraon, Rajpur, Ramgarh and Dinara. During the period of its operations, the six MMUs provided treatments to 26516 patients consisting of 12227 females and 14289 males.

Health Campaign through Mobile Medical Units:

In addition to providing health care facilities to the people through Mobile Medical Units, SJVN Foundation has also been organising awareness sessions, General Health camps and specialized health camps in the project affected areas through HelpAge India. The details of General health camps and awareness session on COVID-19 organized in FY 2021-22 are as under:

General Health camps through MMUs		Awareness sessions on COVID-19	
No. of camps organized	No. of beneficiaries	No. of Awareness sessions organized	No. of beneficiaries
157	7284	760	19906

Specialized Health camps through other Agencies

A. Through HelpAge India

To commemorate Azadi Ka Amrit Mahotsav SJVN Foundation organized eleven Specialized Health camps were organized through HelpAge India in Nathpa Jhakri HPS, H.P (01), Rampur HPS, H.P (04), Luhri HEP-1, H.P (01), Sunni Dam HEP, H.P (01), Dhaulasidh HEP, H.P (01), Jangi Thopan HEP, H.P (01), STPL, Buxar Bihar (01) and Naitwar Mori HEP, UK (01) at a financial implication of ₹ 17,80,287/-. The total number of persons benefitted from the program were more than 2500.

During the past nine years, as many as 226 specialized health camps were organized benefitting 71,092 people as per following details:

FY	No of camps	No of Beneficiaries
2013-14	30	7,411
2014-15	40	8,461
2015-16	40	10,650
2016-17	40	16,820
2017-18	35	13,424
2018-19	20	7,429
2019-20	10	3,397
2021-22	11	3,500
Total	226	71092

B. Through Global Cancer Concern India

Two Cancer screening and detection camps at the cost of ₹3,91,400/- organized through Global Cancer Concern India benefitting 166 no of people. On 19.12.2021, the SJVN organized the camp at its NJHPS Auditorium Jhakri in which 82 persons comprising of 40 male and 42 females were screened for cancer. Similarly, on 27.03.2022, a screening

camp was organized at Kala Gram Sujanpur Tihra near DSHEP, Hamirpur site of SJVN in which 84 persons comprising of 46 male and 38 female screened for the Cancer related symptoms. The doctors also conducted awareness sessions on cancer, its symptoms and prevention. Printed and IEC material was also distributed among the people living in slum localities/village with a view to create awareness among the local people about the Cancer.

C. Through Open Hands Welfare Society

SJVN successfully conducted 03 Specialized health Checkup Camps in project affected areas of LHEP-1, Bithal, SDHEP, Sunni and DSHEP, Hamirpur in FY 2021-22 through Open Hands Welfare Society, Arki, Solan. A total of 338 Nos. people benefited consisting of 130 Males and 208 Females directly benefitted from the camps. The health checkups of the beneficiary were done by Gyneecologist, orthopedics and pediatrician. Besides above, free medicines were distributed to the patients and special awareness sessions were also organized for women in which they were made aware about the cause and prevention of uterine cancer.

Ayurvedic Health Awareness Programs

As a measure to promote ancient Ayurveda based low-cost health-care system, SJVN has long been organizing health awareness-cum-lifestyle camps based on ayurvedic system of medicine. An NGO named Bhartiya Dharohar was roped in to organize the camps in Himachal Pradesh. Since Past 5 years, as many as 1430 ayurvedic health awareness camps were organized benefitting 159985 people as per the following details:

FY	No. of Camps	No. of Beneficiary
2017-18	30	3406
2018-19	200	22811
2019-20	500	75005
2020-21	200	9324
2021-22	400	49439
Total	1430	159985

A total 200 ayurvedic camps were organized during FY 2020-21 at a financial implication of Rs 75.44 Lakh. However, in FY 2021-22, a total of 400 camps have been organized around the project areas in Himachal Pradesh, Bihar and Uttarakhand at a financial implication of ₹145.12 Lakhs

Dental Care Services in Rampur HPS Area

Dental care is one health aspect which we often tend to ignore till the problem aggravates. Facilities of dental care are not very common in remote areas. In order to provide the services, SJVN has been operating a dental clinic at the Project Hospital of RHPS since 2014. The clinic is open to the people of project affected areas as well besides the

company employees and members of their families. The patients are being given specialized treatment at the clinic ever since. Since the start of its operation till 31.03.2022, 7276 patients have been benefitted through this clinic while during the financial year 2021-22, itself more than 1372 patients have been treated. Details of patients treated during the year FY2021-22 are as under:

Cumulative data of Dental clinic					
S.No	FY	Male	Female	Children	Total
1	2021-22	656	512	204	1372

Physiotherapy Services

Physiotherapy is a treatment to restore, maintain, and make the most of a patient's mobility, function, and well-being. Physiotherapy helps through physical rehabilitation, injury prevention, and health and fitness. Treatment can be for problems caused by injury, disease or disability.

Physiotherapy helps people suffering from injuries through movements and exercises and manual therapies. Such services are hardly found in hilly areas where people have to be dependent on local faith healers who sometimes rather make the situation worse. One most common problem encountered in the hill regions is injuries sustained in falling down the slope, falling from a tree or paralytic conditions due to high blood pressure. Women often tend to damage their knee muscles due to grass cutting activities. The problem aggravates when it is ignored for longer periods. It was also found that people are not aware that such problems can be easily treated through physiotherapy. One major obstacle was non availability of a physiotherapy clinic in and around the company's projects. Seeing the urgent need, SJVN has established physiotherapy centers for local people at its Rampur Hydro Power project hospital at Bayal and at its Nathpa Jhakri Hydro Power project hospital at Jhakri. The details are as under:

A. Project Hospital- Rampur HPS

Specialized Physiotherapy facility was started at the Rampur Project's hospital more than four years ago. As per the experience, Dr Priyanka, Physiotherapist at the clinic shares that the facility has proved to be a big boon to the patients from the surrounding areas as patients hence were required to rush to the nearest hospital in Shimla and beyond for the treatment. During a span of 4 years, about 6500 patients suffering for arthritis, chronic backache, spinal or stiff neck problems, accident victims, sports injuries, post-operative patients needing exercising care have been treated at the centre.

During the financial year 2021-22, a total 1595 patients were benefitted from this facility as detailed below:

S.N	FY	Male	Female	Total
1	2021-22	786	809	1595

B. Project Hospital, Nathpa Jhakri HPS

Seeing the mass response to the physiotherapy clinic at Rampur Project's hospital, the Physiotherapy services were established at Nathpa Jhakri Project's hospital and started in the month of August 2021. Dr. Vijyeta, Physiotherapist at the hospital tells that the response to the clinic was so massive that during the initial days there would be more than 40 patients lining up for treatment. Accordingly, they had to regulate the patients

in order to attend to them properly. A physiotherapy awareness camp too was organized in the project area where people were made aware of the benefits of physiotherapy for treatment of various ailments. During FY 2021-22, 2644 patients have been benefitted through these services till 31.03.2022 as detailed under:

S.No	FY	Male	Female	Total
1	2021-22	1134	1510	2644

Financial Support to Indian Association of Muscular Dystrophy

Muscular dystrophy is a group of inherited diseases that damage and weaken muscles over time. This damage and weakness are due to the lack of a protein called dystrophin, which is necessary for normal muscle function. The absence of this protein can cause problems while walking, swallowing, and muscle coordination. Hence, this initiative provided medical treatment to persons inflicted with muscular dystrophy disease the treatment of which is rarely available in India.

SJVN Foundation came forward to provide financial support of ₹5,78,63,481/- to the Indian Association of Muscular Dystrophy (IAMD) for construction of Integrated Muscular Dystrophy Centre at Solan (HP) named "Manav Mandir". As on date, hundreds of patients of muscular dystrophy have been provided treatments at the centre.

समपूर्ण सृष्टि का सुख भारतीय संस्कृति का आधार: डॉ. साधना ठाकुर

सोचने, एकाग्र होकर सच्ची समझौते की लक्ष्य में दिशाहीन होकर अज्ञान अंधकार काज को जलवा डॉ. साधना ठाकुर ने कहा कि भारतीय संस्कृति का सुख और सुखी जीवन के लिए एते के सुख का ही आधार बनने है और सभी जीवों का ही भारतीय संस्कृति का अन्तर्गत है। डॉ. साधना ठाकुर का विचार कोश में समग्र विद्युतीकरण के अन्तर्गत ही है। डॉ. साधना ठाकुर ने कहा कि सभी जीवों के सुख और सुखी जीवन के लिए एते के सुख का ही आधार बनने है और सभी जीवों का ही भारतीय संस्कृति का अन्तर्गत है। डॉ. साधना ठाकुर ने कहा कि सभी जीवों के सुख और सुखी जीवन के लिए एते के सुख का ही आधार बनने है और सभी जीवों का ही भारतीय संस्कृति का अन्तर्गत है।

Construction of Rotary Ashray Cancer Sarai

Patients of cancer from all over Himachal Pradesh come to IGMC, Shimla for treatment. Patients as well their attendants often suffered due to lack of lodging facilities in or around the hospital complex. SJVN Foundation came forward to extend financial support of ₹96.8 Lakhs for construction of one floor of Cancer Sarai developed by Rotary Charitable

Trust near the IGMC cancer hospital for facilitating the stay of cancer patients and their attendants during their treatment. The Cancer Sarai has been completed and inaugurated by Chief Minister of Himachal Pradesh on 01.12.2021 and is in use by needy persons.

Health and Sanitary Facilities:

Buxar Thermal Power Project (BTPP), under the SJVN's CSR Initiatives for Healthcare Programmes and Swachhata activities, has addressed the issue of non-availability of potable water to the people due to high contents of Arsenic metal in the soil of Buxar leading to contamination of underground water. More over six ambulances donated by SJVN as MMUs, equipped with diagnostic services (diagnostic kits), consumables (medicines etc) have been further upgraded. The project authorities are also in the process of providing sanitary napkins vending machines and incinerators at 20 Government schools. Installation of Water ATMs in the schools is also under process by the project authorities.

Status of health facilities provided as on **31st March, 2022** is as under:

S.N.	Particulars	Nos.	Amount (₹)
1	Ambulance	06	1,00,23,987/-
2	Sanitary Napkin vending machine	21	14,02,410/-
3	Sanitary Napkin Incinerator	21	
4	Water ATM	10	30,00,000/-
5	Compact portable mobile lab (Labike)	15	1,01,22,628/-
6	Conversion of 06 ambulances into MMUs and Running and Maintenance for a period of 06 months	06	11000000
7.	Running and Maintenance of 06 MMUs for next 6 months by M/s Dhanush Foundation		50,00,000/-
Total			₹ 4,05,49,025/-

Construction of Gymnasium at Ramgarhia Sabha, Shimla

To improve the health of youth, channelize their energy for creativity, and to prevent menace of drug abuse, SJVN foundation came forward to provide financial assistance of Rs 32, 92,179 intially to Ramgarhia Sabha, Shimla for construction of a gymnasium. Later the financial implication was revised and amount of ₹37.21 lakhs released in 05 installments which also include additional amount of ₹4.29 lakhs.

Construction of Senior Citizen Home at Palampur H.P

SJVN Foundation is extending a financial assistance of ₹1.00 crore for the construction of a Senior Citizen Home “Vishranti” at Vivekananda Medical Institute Palampur, District Kangra H.P. So far, an amount of ₹50 Lakhs has been released on 03.02.2022. The work is under progress. The Vishranti Bhawan, having a capacity of catering to the stay of 100 senior citizens would be equipped with all the facilities like sick room, medical check-up, library, audio-visual room, mess and security etc. and the assistance of medical and health services of the Senior Citizens living in Vishranti Bhawan will easily be taken care of by Vivekananda Medical Institute and Centre for Naturopathy.

Pathological laboratory equipment's to MC Shimla

On the request of Municipal Corporation Shimla, a financial assistance of ₹32.91 Lakhs has been extended for procurement of pathological laboratory equipment's for restarting its renowned Laboratory started in the year 1905. The Laboratory provides facilities to the general public for conducting almost twenty-five types of body tests at economical rates. As on 31st March, 2022 an amount of ₹16,43,992/- has been released to MC Shimla and procurement is under process

Adoption of Five public parks of MC Shimla

The Commissioner, Municipal Corporation Shimla, Distt. Shimla (H.P.) raised a request for providing funds to development, repair and maintenance of the following five public parks in view of their popularity and footfall of the tourists and local public:

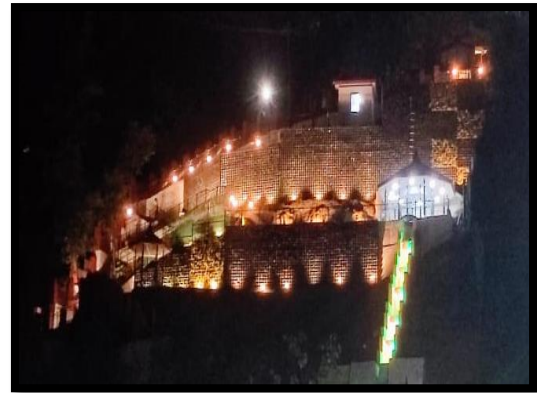

- i. Rani Jhansi Park,
- ii. Daulat Singh Park,
- iii. Dada-Dadi Park,
- iv. Oak Over Park,
- v. Khadi Ashram Park,

Accordingly, after necessary formalities an MOU is being signed with MC Shimla for maintenance of public parks for a period of 03 years at an expenditure of ₹15.00 Lakhs per year.

Development of bio-diversity park at Shanan, Shimla

Adjacent to the company’s Corporate Headquarters at Shanan in Shimla, a bio-diversity park is being constructed. The park will offer facilities of game area for the children, open air gym and a model of 1.3 Kw hydroelectric power station. For development of this park, a Tripartite Supplementary Agreement was entered between

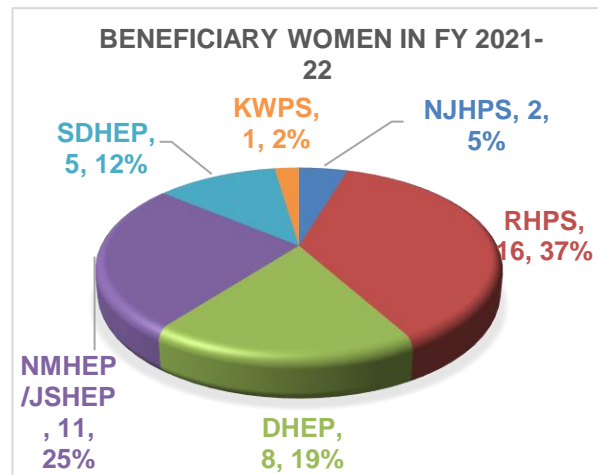

SJVN Limited, M/s Magnus Infra tech Pvt Ltd., and SJVN Foundation on 29th December 2021 for development of this bio-diversity Park. The total cost for construction of this bio-diversity park is estimated at ₹2,94,43,699/- and so far, an amount of ₹ 1,02,98,271/- has been released under CSR Budget FY 2021-22. The project is nearing completion.

The Bio-diversity Park will offer facilities like:

- Children Park,
- 1.3 Kw Hydro Power Plant,
- Open air Gym etc

Women and Child welfare Scheme

SJVN started “Women and Child Development scheme” in 2012-13 under which the Below Poverty Line (BPL) women residing in Project Affected Areas of SJVN are eligible for a financial benefit of ₹10,000/- in two installments of ₹5,000/- each during ante natal and post-natal period to enable healthy nourishment to the newborn child.

Besides the direct financial benefit, a gift pack worth Rs 1000/- consisting of nutritional food items, soaps and other hygiene related items needed for the care of the newborn are also given to these BPL women.

In FY 2021-22, a total of 43 women were benefitted from this scheme and a total of 910 women have been benefitted since 2012.

Support to Special Olympics Bharat (SOB) for Medical Screening Camps

Executive Director, Special Olympic Bharat requested for providing support of Rs. 1.50 Cr. for Medically screening camps of specially abled sportspersons under Azadi Ka Amrut Mahotsav. The camps will medically screen the Persons with Intellectual and Developmental Disability (PWIDD) to enable them to return to sports activities and encourage them to keep fit by demonstrating the Special Olympics Fit 5 program. The screening will cover 75000 special athletes across 75 cities in India and the program is slated for 7th April, 2022 i.e. on World Health Day. The total cost of the project was ₹15.6 Crore out of which SJVN has provided financial assistance of ₹1.50 Cr to empower the Intellectual Disable (ID) using sports, health, education and leadership program. The camps will also cover the training of Medical Professionals, Special Smiles (Dentistry) and Health Promotion of (Preventive & Nutrition) of Special Athletes.

- vii. Specialized Medical health Camps was organized by KWPS at Village Kombhalne and Khirvire, Maharashtra with, General Physician & Research, Sai Kripa Clinic & Hospital, Sinnar and team of 10 specialized Doctors.

Education and Skill Development

Education is one of the fundamental factors of development of a country. Education not only raises people's productivity and creativity but also promotes their entrepreneurship and technological advances. It also promotes a democracy that comprises a civilized and well-mannered society. Education also aids in the upliftment of economically underprivileged groups and results in creation of numerous employment opportunities. In addition, it plays a very crucial role in securing economic and social progress and improving income distribution. An educated society plays a vital role in the growth of a nation and helps to improve quality of life with full utilization of skill for socio-economic development.

The availability of good quality and affordable education is however limited in remote and far-flung areas in the country. SJVN has therefore been continuously implementing a number of education and skill development programmes in its operational areas to support the new generation and in turn, the nation. May it be in the field of providing building infrastructure or educational aids or offering scholarships to meritorious students for enhancing the skill set of youths, SJVN has been doing a lot to improve the lot of young generation in the areas of its operation. The various schemes being run by SJVN in the sphere of Education and Skill development enumerated below:

Nomination of youths in Govt. ITI's:

SJVN Foundation has long been nominating local youth to enhance their technical skills to increase their employability. In this direction SJVN provides monthly stipend of Rs 2000 apart from sponsoring the course fee to the local youth pursuing vocation training at the various Industrial Training Institutes (ITIs) in Himachal Pradesh, Bihar and UK in FY 2021-22. Four projects namely Luhri Hydro Electric Project, Sunni Dam Hydro Electric Project, Dhaulasidh Hydro Electric Project and Jangi Thopan Hydro Electric Project in the H.P have been allocated 80 seats under various disciplines of training in the ITIs.

The scheme had been suspended during FY 2020-21 due to unfavorable circumstances raised by COVID-19 pandemic while the course fee of students as well as the stipend of ₹ 2000 per month was continued for the enrolled students of the previous year. The scheme

was resumed in the FY 2021-22, wherein 56 students were nominated by SJVN projects in various trades such as electrician, welder, fitter, vehicle mechanic, surveyor etc as under:

S.No	Name of Project	No of Students Nominated
1	Luhri Hydro Electric Project	13
2	Sunni Dam Hydro Electric Project	23
3	Dhulasidh Hydro Electric Project	19
4	Jangi Thopan Hydro Electric Project	1
	Total	56

So far 843 number of candidates including above have been sponsored in government run ITIs in the state of H.P. by SJVN.

In addition, SJVN has nominated 25 local youth for 02 years ITI programme in Govt. ITI Buxar, Bihar in various trades such as ICTSM (05 No.), Electronic Mechanic (08 No.), Fitter (04 No.) and Electrician (08 No.) with a financial implication of ₹ 6.68 Lakhs. Also, DHEP Tharali, UK has nominated 13 No students in various Govt. ITI's for FY 2021-22 with financial implication of ₹0.78 Lakhs.

Deen Dayal Upadhyay SJVN Krishi Kaushal Yojana

To support the mission of Government of India to double the income of farmers by 2022 SJVN has too taken a unique initiative. In support of this initiative SJVN has collaborated with Dr. Y.S. Parmar University of Horticulture and Floriculture, Nauri and CSK University Palampur for imparting skill training to farmers in the area of new agricultural technology, new and scientific methods of cultivation in the

FY-2019-2020. The farmers attending these short terms training programs are not only provided free travel, lodging and boarding facilities at the universities, but are also compensated for any loss of income. which has led to substantial improvement in their income.

Further, to provide training to farmers who are unable to undergo residential training, SJVN provides farm-based training through local experts/agencies. Due to Covid-19 the program was however deferred during the FY 20-21.

Further, for the FY 2021-22, a fresh MoU has been executed with CSK University Palampur on 26.10.2021 for imparting skill training to 1000 farmers through 40 camps. Also, sanction letter issued to Nauri University on 17.01.22 for organizing 06 nos of one day farmer camp at Project location in H.P training approx. 1500 farmers. The details of training programs completed in FY 2021-22 are as under:

S.No	Name of Agency	Duration of the program	No of programs	No of Beneficiaries
1.	CSK University Palampur	6 days	30	750
2.	University of Horticulture and Floriculture, Nauri, Solan	01 day	5	1250

As on March 2022, cumulatively 7711 farmers have been imparted training

SJVN Merit Reward scheme for students and sportspersons of Kinnaur and Spiti:

SJVN Foundation has introduced “SJVN Merit Reward Scheme for students and sportspersons of District Kinnaur and Spiti Sub Division H.P in the FY 2020-21. Under this scheme, the following support is being provided

B. Assistance for Children's Science Congress (CSC)

SJVN is supporting the Children's Science Congress (CSC) program being run by Elementary Education Department of Distt. Kinnaur and Spiti under "SJVN Reward Scheme for students and sportspersons of District Kinnaur and Spiti". The objective of CSC is to promote creativity and innovativeness among children to solve societal problems being experienced locally using methods of science.

Under the scheme, one time running trophies were provided to the Nodal agencies of Children's Science Congress at a cost of ₹2,05,320/- for organizing the programs in District Kinnaur and Spiti Sub Division. Dy Director Elementary Education, District Kinnaur and Additional Deputy Commissioner, Spiti are the nodal agencies for organizing these programs. Besides the above an amount of ₹91,000/- was also provided to the Nodal agency of Children Science Congress of Kinnaur and Spiti for organizing the Children Science Congress-2020. Also, In FY 2021-22, an amount of ₹72000/- was provided to Deputy Director Elementary Education the Nodal agency of Children Science Congress of Kinnaur organizing the Children Science Congress-2021.

Skill Development Programs for Local Youth

For organizing short terms skill development programs for the local youth, a Tripartite MoU has been entered into between SJVN Foundation, National Skill Development Corporation (NSDC) and National Skill Development Fund (NSDF). The MoU is for training 2200 youth during FY 2019-20 through NSDC at a total financial implication of ₹ 6,06,60,434/-.

Earlier the target of training was for 2200 youth and accordingly the 1st installment of ₹1,81, 98,130/- i.e. 30% of the sanctioned amount of ₹6,06,60,434/- was released to

NSDC on 13.02.2020. However, due to pandemic COVID-19, the target had to be revised to 840 candidates during FY 2020-21. Further on the request of NSDC an extension has been given up to June, 2022 for organizing the skill development programs programs. The status of trainings organized in FY 2021-22(as intimated by NSDC) is as under:

Training Partner	Trade	Target	Trained	Assessed	Certified	Placed
RCED	IT/Ites & Apparel	180	180	177	146	80
Foresight	Electronics & Hardware, Food Processing, Tourism & hospitality, Agriculture, Retail and Telecom	270	270	193	165	193
JITM	Healthcare, Apparel	210	210	200	185	148
Orion Edutech	Electronics & Hardware (Field technician and Mobile phones), Retail and Telecom	180	180	166	154	143
Total		840	840	736	650	564

Skill development programs in project affected areas

An internal survey to assess/map requirement of technical personnel in various trades had been carried out at SJVN's projects in Himachal Pradesh so that the local youth could be trained to bridge the gap of skilled manpower requirement faced by the executing agencies. Accordingly, skill development trainings for 300 local youths of the project areas were planned to be organized through HIMCON in a phased manner during FY 2020-21 and FY 2021-22 with tentative financial

implication of ₹18.80 Lakh in each Financial Year.

Subsequently a consent letter too had been issued to HIMCON on 19.11.2020 for imparting training to 150 candidates during FY 2020-21. Accordingly, HIMCON has completed the training as per details hereunder:

S N	Trade	Duration	Project Name	No. of programs	No. of participants
1	Asstt. Electrician	75 days	LHEP-1	01	25
			DSHEP	01	25
2	Plumber (General)	75 days	LHEP-1	01	25
			JTPHEP	01	25
3	Welding Asstt.	45 days	LHEP-1	01	25
			DSHEP	01	25
Total				06	150

Further, consent letter dated 15.09.21 was issued to HIMCON for imparting the skill trainings to the remaining 150 candidates during FY 2021-22 as under:

S N	Trade	Duration	Project Name	No. of programs	No. of participants
1	Asstt. Electrician	75 days	DHEP	01	50
			JTPHEP	01	50
2	Plumber (General)	75 days	DSHEP	01	25
3	Welding Asstt.	45 days	SDHEP	01	50
			JTPHEP	01	50
4	Domestic DEO	100 days	SDHEP	01	25
Total:				05	150

The training program in JTPHEP had been put on hold due to local conditions and the positions provided were diverted in other projects. Out of 300 local youths, 225 local youth have completed the training. Training to remaining 75 local youths are under progress.

Skill Development training for kins and dependents of widows of army person in Himachal Pradesh

With the objective of socio-economic rehabilitation of widows of army persons, their kins and dependents, SJVN Foundation has initiated capacity building and income generation programs. 50 women, 25 each in Beauty Parlour and

cutting and sewing were imparted training with financial implication of ₹5,80,000/- in FY 2021-22. Till date, cumulative 200 participants have been imparted training.

Development of Govt. ITIs as 'Centres for Excellence'

SJVN Foundation had entered into a MOU with the Director, Technical Education, Sundernagar on 27/10/2016 for developing and strengthening the infrastructural facilities in six ITIs in order to develop them as "Centres of Excellence" in Himachal Pradesh. The Institute Management Committees (IMCs) in respect of the 6 ITIs too had been notified by the Government of Himachal Pradesh. The details of funds provided by the SJVN Foundation is as under:

(Amount in ₹ Lakh)

SN	Name of ITI's	Process Owner	Fund released	Funds Utilized
1	Govt. ITI Rampur Bsr, Distt, Shimla	HOP-NJHPS	49.92	49.17
2	Govt. ITI Khadahan, Distt, Shimla	HOP-LHEP	50.00	35.00
3	Govt. ITI Kumarsain, Distt., Shimla	HOP-LHEP	100.00	106.00
4	Govt. ITI Nainidhar, Distt., Shimla	HOP- LHEP	100.00	0.00
5	Govt. ITI Nirmand, Distt. Kullu	HOP- RHPS	100.00	102.36
6	Govt. ITI Dalash, Distt. Kullu	HOP- RHPS	100.00	52.84
Total			499.92	345.37

The concerned Projects are expediting the utilization of funds with the concerned

Strengthening and augmentation of Govt. ITI, Berthin, and ITI, Bangana:

As per the Government of India's instructions SJVN has provided funds of ₹ 1.00 Cr. each to the ITI, Berthin, district Bilaspur, (HP) and ITI, Bangana district- Una (HP) during the year 2009 to 2012. The works have been completed and display board has been installed in both the ITIs. The progress work in both the ITIs is being monitored by duly constituted IMC headed by HOP Dhaulasidh HEP.

SJVN Silver Jubilee Merit Scholarship Scheme.

To commemorate the Silver Jubilee of the company, SJVN Foundation had introduced the Silver Jubilee Merit Scholarship Scheme in the FY 2012-13 for motivating students to pursue higher education in the streams of their choice. The scheme is open to all meritorious students who score at least 60 percent marks or equivalent grade in 12th class under State Education Board, CBSE or ICSE in the States of Himachal Pradesh, Uttarakhand, Bihar, Maharashtra and Gujarat. Reservation is given to students from BPL families and PWD candidates.

The scheme is since being operated through HIMCON. Since inception, 1794 students have been benefited from this scheme. Due to covid-19, the scheme was put on hold for the FY 2020-21 for new students, however during the FY 2021-22 applications for both FY 2020-21 and FY 2021-22 were invited, the details of which is as follows:

S.No	State	No of Seats in FY 2020-21	No of Seats in FY 2021-22	Total seats
1.	HP	104	75	179
2.	Bihar	22	15	37
3.	UK	21	10	31
4.	Maharashtra	10	0	10
	Total	157	100	257

Cumulative beneficiaries under this scheme till date are 1794.

Accordingly, 257 students are being awarded scholarship for the FY 2020-21 & FY 2021-22.

Reward Scheme for Topper Students

To encourage students of Government Schools to pursue education one time reward of ₹5000/- to ₹10,000/- is given to the topper students of class 8th, 10th and 12th studying in the Government schools of project areas.

In FY 2021-22 year a total ₹16.84 Lakhs was given as reward amount to 290 students under this scheme, the details of the same is as under:

S.No.	Name of project	Class/No. of Beneficiaries			
		8 th	10 th	12 th	Total
1	NJHPS	47	27	35	109
2	RHPS	85	49	47	181
Total					290

Cumulative beneficiaries under this scheme till 31.03.2022 are 3687

Construction of Hostel block in HP National Law University

As a measure to promote women empowerment and girl education, SJVN Foundation has sanctioned financial support of ₹10.80 Crore to Himachal Pradesh Law University (HPNLU), Shimla for construction of a girls' hostel block. Accordingly, a MOU was signed with Registrar HPNLU to this effect. The first installment of 50% amount i.e. ₹ 5.40 Crore

had been released on 24.03.2020 while utilization certificate of ₹2.00 Crore has been received. The work is under progress.

Further, HPNLU vide their letter dated 17.09.21 has informed that due to heavy rain there was huge runoff of water which created cavity on the hillside of the existing road and due to which landslide occurred at the site causing the heavy damage to the under-construction hostel block. Hence, the work is on hold which will be resumed after removal of debris and completion of required codal formalities by HPNLU.

Construction of Hostel for Tribal Children' in Shimla

Secretary, Himgiri Kalyan Ashram had requested SJVN for financial support for construction of the first floor of boy's hostel for tribal children with intake capacity of 50 students at Mehli Distt. Shimla. The agency works for the development of tribal persons of all the age groups by providing them facilities of free Hostel, coaching, sports, women development, skill development, yoga, etc.

Accordingly, SJVN Foundation, agreed to extend financial support of an amount of ₹50.00 lakh for construction of 1st Floor Slab of the building. The total amount of ₹50.00 lakh has been released to the agency in two instalments and the work has been completed.

Installation of Grid connected Solar Power Plant in GHSS Munderi, Kannur.

To promote infrastructure development and modern facilities in order to increase the enrolment and improvement of modern amenities in Govt. Schools at Munderi, district Kannur, Kerala, SJVN Foundation has executed MOU on 16.11.2019 with District Panchayat, Kannur for installation of a Grid connected Solar Power Plant in the school at a financial implication of ₹66.85

Lakhs. So far ₹60.16 Lakhs have been released to District Panchayat Kannur. Pending commissioning of the plant, the installation, cabling work has been completed and the transformer has also been erected at site. The balance works are in progress.

Handloom weaving training to weavers and artisans of H.P

To promote 50 start-ups by 2022 and meet the target given by the Central Public Sector Enterprises, (CPSE Conclave), SJVN Foundation has undertaken the work of imparting skill development trainings in Handloom weaving as per following details:

(a) Through Swablamban and Kinnaur Heritage Foundation:

NJHPS being the nodal project has started and completed the following trainings in distt. Kinnaur:

SN	Name of training agency	Trainings	Participants
01	Handloom & Weaving Center opened by M/s Swavalmban at GP Nichar and Sungra.	02	20
02	Handloom & Weaving Center by M/s Kinnaur Heritage Foundation at GP	04	40
03	Handloom & Weaving Center by M/s Kinnaur Heritage Foundation at GP Poncha	01	10
Total		07	70

One unit of Handloom weaving centre comprises of 10 participants and seven such workshops organised, 70 participants have been trained so far and each participant has been provided with a Loom worth ₹15,000 for pursuing self-employability. During the period of training these participants were also provided monthly stipend of ₹1,000 per participant.

(b) Through HP State Handicraft & Handloom Corporation Ltd, Shimla:

A MOU was entered into between SJVN Foundation and H.P. State Handicraft & Handloom Corporation Ltd. (HPSH&HCL) on 04.03.2020 for organizing 20 training programmes covering 10 candidates each at a financial implication of ₹1.12 Crores and accordingly 1st instalment of ₹33.60 lakhs (i.e. 30% of ₹112.00 lakhs) was released to HPSH&HCL on 20.03.2020.

However, due to the outbreak of COVID-19, SJVN Foundation had decided to limit the trainings to only 6 centers. The amount of expenses therefore too was limited to 30%, as already released in 1st installment. Out of these 6 centers, training in 4 centers has been completed, one is under progress and one center will be started soon. The details are as follows:

1. NJHPS : GP Jeori, Training completed on 16.08.21
2. RHPS : GP Averi, Training completed on 01.09.21
3. LHEP : GP Dehra, Training completed on 03.09.21
4. JTSEP : GP Spillo, Training completed on 19.08.21
5. District Chamba : Sub division Salooni, H.P Under Progress
6. DSHEP : To be started in Sujanpur, H.P

All the participants were provided a monthly stipend of ₹1,500 during their training period while a loom worth ₹12,000 was also provided to each one of them for pursuing self-employability in handloom weaving in future.

Awareness on Citizen's Fundamental Duties

The Department of Justice had directed all CPSUs to organize events and activities to generate awareness on Citizen's Fundamental duties. It was desired that activities such as speech/debate contests, distribution of pamphlets, seminars and rallies be organized to create awareness among general public about Indian Constitution and Citizen Fundamental Duties during the year 2020-21. Accordingly, SJVN prepared a calendar of different awareness activities and has implemented them across all project locations. Major events like Constitution Day, Republic Day were organized at all the projects. Apart from this, local communities were educated about the Indian constitution and its different parts through pamphlets, street plays, quiz competitions in schools etc. More than 4000 people were benefitted through this campaign.

An awareness programme on legal rights and duties of citizens was organized through district court, Buxar. An awareness programme during the Iconic Week under Azadi Ka Amrit Mahotsava was also organized through the office of Dy. Labour Commissioner (Central), Patna in March 2022 for 1500 labours.

Construction of Sainik Training Academy at Barchwar, H.P.

SJVN came forward benevolently to provide financial support for construction of a hostel block of Sainik Training Academy at Barchwar in Tehsil Sarkaghat in District Mandi. The Sainik Training Academy is proposed to be set up at Barchwar, Tehsil Sarkaghat, Distt. Mandi, H.P. at an estimated cost of ₹310.91 lakhs which will help and encourage youth to join Defense and Central Armed Police forces by acquiring intellect, physical and character qualities of the standard required thereto. The financial support of ₹20.00 Lakh (as 1st installment) has been released and the work is in progress

Construction of temporary classrooms at Bagsaid, H.P.

SJVN Foundation has provided financial support of ₹35,62,320/- for construction of temporary classrooms of prefabricated structure in Government Senior Secondary School, Bagsaid Tehsil-Thung, Distt. Shimla. Aim of the project was to provide facility of temporary classrooms of prefabricated structure for the students so that their studies

don't get affected. The construction work was carried out by Ropeways and Rapid Transport System Development Corporation of H.P. The agency constructed the classrooms with prefabricated structures immediately by virtue of which the educational activity in the school has been restored.

Renovation of Govt. High School Vikas Nagar, Shimla

To facilitate digital literacy to approx. 100 students of Government High School, Vikas Nagar SJVN Foundation came forward to provide two computers with UPS and one printer. Head Mistress of the Government school had approached SJVN Foundation seeking support for the following activities:

1. Providing computers and printers since the school didn't have any ICT lab.
2. Repair works in the school toilets, playground, main gate, boundary wall, flooring, attic work etc.

Based on committee report, SJVN Foundation agreed to extend the financial support of ₹9,93,107/- lakh and so far, ₹9,55,518/- of the fund has been released in three installments. Further the work has been completed and last installment will be released after committee visit.

“VOICE” (Vivekanand organization of information, communication and empowerment) Centre

An NGO Prayas has approached SJVN seeking financial support for setting up of a project named VOICE (Vivekanand Organisation for Information, Communication & Empowerment) centers in District Hamirpur, Himachal Pradesh. The financial support sought was of Rs 1,36,10,000/- and this amount included construction of building, furniture & operational expenditure annually. The Prayas aimed to provide basic computer skills to local people to make them computer literate.

SJVN has extended financial assistance of ₹19,10,690/- to Paryas Society for running the computer training program under the banner VOICE. An amount of ₹15,53,675/- has been released to the NGO.

Other activities under Education & Skill Development

- To boost the morale of the student and for cognitive as well as physical development of the students SJVN Foundation through NMHEP provided financial assistance of ₹1.00 Lakh to Parvitya Jan Sewa Sangathan for organizing essay writing competitions, group discussion and poetry competitions.

- SJVN provided better infrastructure to various schools of project affected areas with a view to promote education and skill development amongst the students. The details are as under

- Provided 50 Two Seater Desk to SJVN DAV Public Senior Secondary School Duttanagar & 10 for Koshish-ek-Asha (NGO) at Rampur, Tehsil Rampur, Distt. Shimla. (H.P). SJVN spent ₹3.90 Lakh during FY 2021-22.
- Lab equipment's, furniture for Library & Musical instruments were provided to Govt. Senior Secondary School Duttanagar with an expenditure of Rs 4.40 Lakh during FY 2021-22.
- Laboratory articles/instruments & furniture were provided to Rani Rattan Kumari Memorial Govt. Senior Secondary School Nogli, Tehsil Rampur, Distt. Shimla H.P. SJVN with expenditure of ₹1.35 Lakh during FY 2021-22.
- Financial assistance of ₹5.00 Lakh was provided to local Govt. School in Sikraul Panchayat for procuring furniture and others items.
- Sports equipment & class room furniture was provided to SJVN DAV Public School Duttanagar. SJVN for which expenditure of ₹10.52 Lakh incurred during FY-2021-22.

Sustainable Development

Restoration of water bodies

In order to make access to water adequate and equitable, we must shift our focus from water sources to water resources or say water bodies. Apart from available rainwater and reuse of treated wastewater, water bodies (lakes, ponds) especially in urban areas have enormous value in terms of resource provision (for drinking or irrigation). In hilly areas due to the mountainous terrain, ground water recharging does not happen and all rain water goes waste. To tackle this issue, SJVN over the years has supported villagers in the vicinity of its project areas in building tanks and rehabilitation of existing water bodies like springs, ponds etc. During the FY 2020-21 and FY 2021-22, twelve water bodies were undertaken for restoration as detailed hereunder:

SN	Name of Project	No. of Assets		
		Under Construction	Completed	Total
1	RHPS	1	3	4
2	LHEP	0	4	4
3	DSHEP	0	1	1
4	NMHEP	2	1	3
Total		5	7	12

Construction of Multipurpose Dam for water conservation at Nahan, H.P.

Water conservation is important because fresh and clean water is a limited and costly resource. Equitable distribution and supply of water is therefore considered to be a wise method. Executive Engineer, Jal Shakti Vibhag, Nahan, Distt. Sirmour H.P had requested for financial support for construction of multipurpose medium height

dams at 07 locations in Nahan constituency for rain water harvesting and water conservation which is also helpful for recharging the depleting ground water level due to over exploitation by the industries in the area. Initially SJVN had considered undertaking the activity of construction of dams at Village Kanyon at Gount. SJVN provided an amount of ₹57.39 lakhs for construction of dam on Gount Khad. The project is now operational and is providing water & irrigation facility to more than 15 villages of nearby areas

Installation of LED based Solar Street lights and Dustbins in Himachal Pradesh

a. Supply & Installation of 5,750 Solar Street Lights in H.P.

Solar street lights and dustbins in 23 constituencies of Shimla and Mandi districts of Himachal Pradesh were provided by SJVN Foundation with a view to promote clean and green environment. The project was envisioned to be executed out of CSR funds of the power sector PSUs as directed by the MoP. A total 23,000 dustbins have already been installed in all the 23 Assembly constituencies, covered under Shimla and Mandi Parliamentary Constituencies of H.P.

However, with respect to supply, installation and commissioning of 12W LED based Solar Street lights, out of a total 5750 no. solar lights were to be installed in 23 Assembly constituencies of H.P. So far 4750 solar street lights have been installed in 19 constituencies and for the remaining constituencies, the work of physical site verification is in the process. A payment of ₹7,71,46,792/- has been released in favour of EESL. The supply and installation of the balance lights is under process.

b. Supply, Installation & Commissioning of 700 LED based Solar Street Lights

To promote the use of renewable energy, SJVN has long been installing solar street lights in and around its project areas. In the ongoing process SJVN envisaged installation of additional 700 Solar Lights (12W LED) in and around the Project areas in Himachal Pradesh and its Headquarters at Shimla. For the installation, a MOU was signed on 28.10.21 with EESL at a financial implication of ₹1,12,70,000/- and accordingly first installment of ₹52,43,571/- (40% of the project cost) was released to the EESL on 21.12.21. The supply and installation of the lights is under process.

c. Other initiatives for installation of Solar lights in SJVN Project Areas:

With a view to promote clean and green environment on the request of local village panchayats, local legislators etc, SJVN has provided financial assistance for supply and installation of 12 W solar lights in and around its project affected areas and constituencies of state of presence. The installation of these solar lights will benefit local public as well as raise the overall well-being of the villages like easy movement during evening hours, reduce snake bite incidents, improved sense of security among women and children etc. The details of lights installed are as under:

S.No	Project /Unit/Gram Panchayat	No of Lights	Expenditure Incurred
1.	Gram Panchayat Thana in Tehsil Jubbal, district Shimla	07	₹1,22,000/-

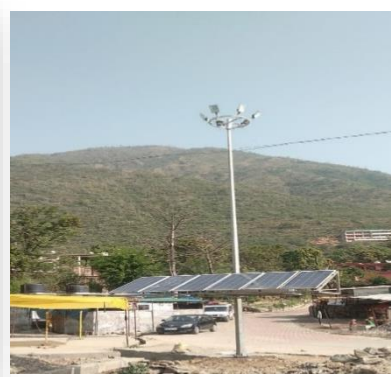

2.	Project Affected Panchayats of DSHEP, Hamirpur	400	₹1,02,00,000/-
3.	Sullah constituency, Distt. Kangra (H.P).	100	₹26,00,000/-
4.	Gram Panchayat Spillover for the purchase	25	₹ 3,59,600/-
5.	Project Affected Panchayats of STPL, Buxar	150	₹ 40,00,000/-

Installation of High Mast LED Lights in project areas:

38 locations for installation of the High Mast lights have been identified around the Projects situated in Himachal Pradesh. The work is in progress as per suitability by the projects and the status is as under:

Sr. No	Name of Project	No. of Lights to be installed
1	NJHPS	2
2	RHPS	10
3	LHEP	13
4	DSHEP	8
5	SDHEP	2
6	Chenab HEP	3
	Total	38

Implementation of horticulture-based livelihood project in four Gram Panchayats of Distt. Kinnaur, HP under NJHPS project affected area

Chairman, Hill Agriculture and Rural Development Promotion Society (HARP), Shimla had shared a proposal for providing financial support of ₹585.80 Lakh (out of ₹1396.9 lakh) on sharing basis with NABARD for implementation of a Horticulture based livelihood project (integrated Tribal Development Projects) in the four Gram Panchayats of Distt. Kinnaur, viz. Bari, Ponda, Sungra and Taranda situated on the left banks of River Satluj, covered under the NJHPS affected areas.

The basic four activities carried out in the aforesaid project are as under:

- i. Orchard establishment on farmers' field,
- ii. Water Resource Development,
- iii. Livelihood activities for landless families, and
- iv. Training and capacity building.

As per the DPR the revised cost is as under:

Funding Agency	NABARD (₹ lakhs)	SJVN (₹ lakhs)	Farmers contribution	Total (₹ in lakhs)
Total Project Cost	165.72 (31%)	222.33 (41%)	149.67 (28%)	537.71

A tripartite MOU was executed by SJVN Foundation, NABARD & HARP on 07.07.2020. Head of the Project, NJHPS Jhakri, has been nominated as Nodal Officer for this Integrated Tribal Development Program. The execution of the project is under process. Out of the sanctioned amount of ₹222.33 lakh an amount of ₹164.42 Lakh has been released to the agency in three

installments. The program implementation is under progress and is being closely monitored by NJHPS, which is nodal agency for execution of the project.

Awareness on Energy Conservation- State Level School Painting Competition

The State Level Painting Competition initiated by BEE, Ministry of Power is organized every year under National Awareness Campaign in HP by SJVN. In FY 2021-22 the state level painting competition was conducted in which the school students of H.P participated in two groups Group A for junior classes and Group B for senior classes. A total of 26 prizes were distributed amongst the students. Over 10 Lakh students have participated in this awareness campaign since 2011.

Survey of toilets constructed under Swachh Vidyalaya Abhiyan through NABARD Consultancy Services (NABCONS)

One of the main objectives of Swachh Vidyalaya Abhiyan is to reduce the school drop-out rate and to create a sense of self hygiene cleanliness among adolescent girls. SJVN has constructed 2421 toilets in Himachal Pradesh, Uttarakhand, Bihar and Arunachal Pradesh

under Swachha Vidyalaya Abhiyan. A lump sum annual maintenance amounts up to ₹5000/- per toilet is also being provided to the schools for general maintenance like repair, change of cistern, seat, tap, wash basin, doors, water tanks, other sanitary fitting, white washing, painting etc. Reimbursement of a total expenditure of ₹80,000/- has been made to the schools for the maintenance of toilets during FY2020-21.

Further as per the directions of Ministry of Power, SJVN is conducting third party survey of all the 2421 toilets constructed by SJVN under Swachh Vidyalaya Abhiyaan. The survey is being conducted through NABCONS (a subsidiary of NABARD) at a financial implication of ₹32.00 lakh plus GST. Out of this, ₹18.88 Lakh has been released as first installment. As per the directions of MOP all the dysfunctional toilets are required to be made functional and handed over to the concerned state education departments. Initially NABCONS submitted its survey report on 29.06.2021, the findings of which are as under:

Survey Report dt.	Toilets constructed by SJVN	Toilets not found during survey	Schools/Toilets permanently closed during the time	Schools closed at the time	Functional toilets	Dysfunctional toilets
29.06.21	2421	14	50	66	2037	254

As per the report it was decided that resurvey of 80 no. left out toilets (14 no. toilets not found during survey + 66 no. toilets in the schools closed at the time of survey) was be carried out and final report be submitted accordingly.

Thus, NABCONS was awarded the resurvey of aforesaid 80 no. toilets vide SJVN letter dt. 28.09.2021, at an additional financial implication of ₹91,200, thus revising the total expenditure of survey of toilets to be ₹32,91,200 + GST. Accordingly, NABCONS vide its letter dated 01.02.2022 has submitted its final report which depicts the following findings:

Survey Report dt.	Toilets constructed by SJVN	Schools/Toilets permanently closed during survey	Functional toilets	Dysfunctional toilets
01.02.22	2421	88	2080	253

As per the finding of the report, the repair work in all the 253 dysfunctional toilets to make them functional has been started by the respective projects and 133 toilets has been handed over to respective department of GOHP. The work is under progress in remaining toilets. Overall out of total 2421 toilets constructed by SJVN under SVA, 2246 toilets has been handed over to concerned departments of respective states.

Maintenance of toilets constructed under Swachh Vidyalaya Abhiyan (SVA)

SJVN has constructed 2421 toilets under SVA in the states of H.P, UK, Bihar and Arunachal Pradesh. Further to maintain the same it was decided to keep a lump sum maximum amount of ₹5000/- per toilet per FY which will be released by the respective project to the schools on receipt of verified vouchers/bills from principal of the respective school. The Project-wise expenditure made on the maintenance of the toilets during FY 2021-22, is as under:

S.N.	Name of Project	Total No. of Toilets maintained during FY 2021-22	Total amount spent on maintenance of toilets during FY 2021-22 (INR)*	Remarks
1.	NJHPS	23	16,71,652	-
2.	RHPS	09	79,830	-
3.	LHEP	07	19,380	-
4.	DSHEP	08	3,40,000	-
5.	NMHEP	93	8,33,000	-
6.	DHEP	02	10,000	-
7.	BTPP	48	17,80,000	₹17.80 Lakhs transferred to District Programme Officers of various districts for repair & maintenance of 48 toilets.
Total		190	47,33,862*	

* Amount spent after survey conducted through NABCONS as per directions of MOP regarding handing over all the toilets to state authorities after making them fully functional.

Installation of portable toilets at Bilaspur H.P.

The Baba Balaknath Temple, Bilaspur (HP) management had requested for installation of two portable toilets in the temple as pilgrims were facing a lot of problem in the absence of a public toilet. Hence, as a sanitation measure, SJVN purchased & installed two portable toilets at the temple premises through DSHEP, Hamirpur H.P. The toilets are in use and being maintained by the temple committee.

Construction of Toilets in Govt. Schools & Construction of Community Toilets:

The schools & villages fall under SJVN project area are situated in remote area with a minimum infrastructure facility, lack of sanitary toilets which creates lot of problem to locals/students and they suffer from various communicable diseases. This step helped them to save them from various diseases. Around 5000-6000 locals are getting benefit by this. SJVN has spent ₹68.40 Lakh during FY-2021-22 for various works as under.

- a. Construction of Toilet in Govt. Senior Secondary School Randal, Gram Panchayat Brow, Tehsil Nirmand, Distt. Kullu (H.P).
- b. Construction of Community Toilet near Sarai Bhawan Dhamshan Devi Temple at village Gaonbeel, Gram Panchayat Tunan, Tehsil Nirmand, Distt. Kullu.
- c. Construction / completion of toilet in the Ambika Mata Temple at Nirmand, Gram Panchayat Nirmand, Tehsil Nirmand, Distt. Kullu (H.P).
- d. Construction of Community toilet Under Swachh Bharat Mission at Mela Ground near Bus Stand in village Koyal, Gram Panchayat Gadej, Tehsil Nirmand, Distt. Kullu (H.P).
- e. Construction of toilet Under Swachh Bharat Mission at Tunan (Near Busstand), Gram Panchayat Tunan, Tehsil Nirmand, Distt. Kullu (H.P).

- f. Financial assistance of ₹38.20 lakh provided to District Administration for the construction of toilets in the campus of District Collectorate, Uttarkashi which is located on Chaar Dhaam Yatra Marg
- g. Community toilet /Bathroom was constructed Near Shiv Temple, in village Naitwar with financial implication of ₹3.16 Lakh.

Purchase of Swachhta Vahan for Lahaul and Spiti:

SJVN Foundation provided financial support of ₹9,25,838/- to Deputy Commissioner, Lahaul & Spiti for the purchase of a Swachhta Vahan. The Swachhta Vahan was inaugurated by Hon'ble Minister Dr. Ram Lal Markanda during the Opening Ceremony of Snow Festival at Keylong on 25th January 2021. The Swachhta Vahan shall be utilized by the district administration for spreading awareness & cleanliness activities in Lahaul & Spiti district.

Observance of Swachhta Pakhwada:

Inspired by the Hon'ble Prime Minister's call for Swachh Bharat, SJVN took various initiatives under Swachh Bharat Abhiyan. SJVN observed Swachhta Pakhwada at all its offices and projects located in Himachal Pradesh, Uttarakhand, Bihar, Arunachal Pradesh

and Maharashtra with host of Swachh Bharat activities having a long-term impact in the society. In this regard, keeping in mind the guidelines of Ministry of Home Affairs on Covid -19, an Action Plan was prepared and circulated among all projects of SJVN for its implementation.

A brief detail of different swachhta activities undertaken during the Pakhwada is as under:

- Swachhta Pledge:** Swachhta Pledge was administered to all employees of SJVN across all offices and projects located in the state of Himachal Pradesh, Uttarakhand, Bihar, Arunachal Pradesh, Maharashtra, Gujarat and Delhi.

- Awareness on Swachhta Pakhwada**

An awareness drive to spread the message of Swachhta Pakhwada among the company employees and members of their families was undertaken through social media & the company's website.

Social Awareness Message on "Swachhta" was also played through FM Radio: - "Big FM" during the period of Swachhta Pakhwada.

- **Special Drive during Pakhwada Period**

A special drive was conducted to distribute hand wash liquids, gloves, dusters etc. to workers deployed for sweeping & cleanliness in the office as well as in Power House Complex at Rampur Hydro Power Station, Prantiya Rakshak Dal (PRD) and local vendors of Naitwar Mori at Uttarkashi, Uttarakhand.

- **Installation of dustbins**

A number of dustbins were installed for propagating the message of segregation of wet and dry waste at project offices of SJVN during the Pakhwada period.

- **Swachhta Awareness through Mobile Medical Units**

A Swachhta Awareness Campaign was conducted by Buxar Thermal Power Plant in the Project Affected Areas of Bihar. Printed leaflets were also distributed among the local public to apprise them about maintaining personal hygiene and social distancing to fight against the COVID-19 Pandemic.

- **Maintaining cleanliness at workplace**

Cleanliness drives were conducted at work places where masks and sanitizers were also provided to employee of SJVN as a preventive measure from COVID-19

Infrastructural Development and Community Asset Creation

Infrastructure is important for faster economic growth and alleviation of poverty in the country. Infrastructural services are essential for better inter-societal and institutional connectivity and to unite with the mainstream of the nation. SJVN Foundation, under its CSR vertical “Infrastructural and community development” for infra development has been undertaking activities like construction of school buildings, hospitals, roads, bridges, public toilets, bus stands, public parks, play grounds etc. The selection and execution of these activities is carried out with the participative involvement of village development area committees, school management committees, panchayats, community-based organizations etc. so as to bring transparency and to develop a sense of ownership amongst the users.

Construction of Community Assets:

Financial support of Rs.11,18,050/- was extended to SDM Dehra for installation of 100 feet National Flag at Jaswan Pragpur. The full sanctioned amount was released to SDM Dehra on 02.12.2020.

Assistance during Natural Disasters

Natural disasters make a significant impact on the public health and well-being of people affected. Negative health impacts can be direct (e.g., injuries) or indirect (e.g., malnutrition and increase in infectious diseases). In the aftermaths of a natural disaster, these health issues are compounded by the damage done to health systems, water and sanitation infrastructure, and the displacement of communities affected. Displacement is quite common after major natural disaster.

SJVN has always been in the forefront in providing relief assistance to the victims of natural calamities. The support is extended by providing relief materials, infrastructure support directly to the victims or through contributing to the Government funds such as State Disaster Management Funds, PM CARES Fund, etc.

Construction of fodder/ Wood storage room in sub division Mori, Purola, Uttarakhand

The Hon'ble Minister of State for Power, GOI had announced during stone laying ceremony of Naitwar Mori HEP in Uttarakhand that SJVN will provide a financial assistance of ₹15.00 Crore for construction of fodder shelters for the victims of a recent fire in local villages. Subsequently, an estimate of ₹13,28,20,269/- was received from Disaster Management Authority, district Uttarkashi for the financial support. The proposal for construction of fodder/ Wood storage room for 3579 families for the prevention of fires in traditional wooden houses of sub division Mori, Purola, Uttarakhand was consented vide a communication dated 13.12.2018. A MOU was later entered into with the District Administration by NMHEP on 15.01.2019. Further, DM Uttarkashi has decided in a meeting held on 05.01.2021 that after the completion of sheds in Project Affected area, no more sheds shall be constructed in other villages till further orders. Thus, only 1792 sheds shall be constructed / completed out of total 3579 sheds.

Till date ₹8.00 Crore have been released to GoUK, and 1151 sheds have been constructed so far. As desired by DM Uttarkashi the balance sheds are to be constructed on community basis. The work is under process.

Assistance for immediate relief to victims of Fire in Purbani village of District Kinnaur

On 23rd October, 2020 a sudden fire incident took place in village Purbani in District Kinnaur wherein 10 traditional wooden houses were completely burnt. The fire incident left 5 families (total 15 members) homeless as they did not have any other house to live. Besides these, 12

other persons (labour and carpenters) staying the village lost all their belongings and valuables. In this hour of dire need, SJVN Foundation provided immediate relief to the fire victims by providing basic daily need items like blankets, Quilt, mattresses, utensils, gas stoves and food items. An expenditure of ₹2,58,081/- was incurred on providing the various relief items.

Financial support to the Department of Disaster Management and Rehabilitation Govt. of Uttarakhand

To mitigate the loss and damages caused to the public and private infrastructure by a high magnitude quake that occurred in Uttarakhand on 17-18 October 2021, Disaster Management Department of Uttarakhand requested SJVN to extend the financial support to the State's CSR Fund for "Uttarakhand State Disaster Management Authority", which is a registered agency for undertaking CSR activities vide Ministry of Corporate Affairs, Govt. of India, order dated 28.10.2021.

In the times of such dire need and to extend a helping hand to the victims of this natural calamity, SJVN Foundation accorded a financial assistance of ₹50.00 lakhs to Disaster Management and Rehabilitation Department, Govt. of Uttarakhand.

Relief measures during flood in Bihar

During the disastrous flood in the areas of Bihar during Monsoon 2021, STPL distributed relief kit containing food packets, medicines, etc. in the flood affected area of affected Panchayats at a cost of ₹17.66 lakh.

Assistance during Landslide at Nigulsari, Kinnaur, H.P

On 11 August 2021, a massive landslide hit the national highway near Nigulsari village in District Kinnaur H.P causing damage to property and blocking strategically important Shimla-Kinnaur national highway. During the landslide a bus, a truck and 04 cars carrying about 50 passengers came under the rubble. SJVN instantly forayed into action provided all sort of help during the rescue mission. An expenditure of ₹7,60,547/- incurred during the rescue operation.

SJVN in combating COVID-19

COVID-19, the infectious disease considered as global pandemic by WHO, has tremendously disrupted the socio- economic conditions of entire world including India. SJVN being a socially responsible citizen rose to the occasion and started a number of pandemic combating measures. The MCA, Gol issued a notification that expenditure on

COVID-19 will come under CSR expenditure. Even before the advisory issued by GOI, all office premises were disinfected on continuous basis and employees were informed to take cognizance of pandemic. All circulars issued by district administration were strictly adhered. To avoid congestion in office canteen, employees were advised to bring lunch from home. The office timing was also staggered.

Perceiving the seriousness of global pandemic at the very outset, SJVN immediately forayed into different relief and aid measures in its different project areas as well as in corporate office. A glimpse of SJVN contribution under its CSR arm SJVN Foundation in fighting the pandemic is as below:

Support to Central and State Government

To assist the government in combating COVID-19 and supporting the needy and poor families with basic necessities like food, clothing, medicine etc. SJVN has extended financial supports which are as under:

SN	Particulars	Amount (In Lakh)
1	PM CARES Fund	20.00 Crore
2	Uttarakhand State Disaster Management Authority	50.00 Lakh
3	Corona Relief fund/Local Administration (H.P.)	30.00 Lakh
4	Contribution by SJVN Employees towards PM CARES Fund	32.00 Lakh
5	Contribution by SJVN Employees towards CM Relief Fund/ HP Covid-19 Solidarity Response Fund	45.00 Lakh

Strengthening the Cold Chain Infrastructure in Himachal Pradesh

In compliance to direction received and task assigned by DPE, Ministry of Power, SJVN immediately forayed into action on war-footing basis for procurement and supply of Cold Chain Equipment's in the state of Himachal Pradesh for facilitating the world's largest COVID-19 vaccination program. Accordingly, SJVN has been able to place the order on GeM and placed the order for following equipment's with total financial implication of ₹95.00 Lakhs (approx.):

S N	Item	Qty	Awarded Cost (₹)
1	Ice lined Refrigerator -Small (ILR-S)	23	1,953,850
2	Ice lined Refrigerator -Large (ILR-L)	13	1,298,050
3	Deep Freezer- Small (DF-S)	10	588,000
4	Deep Freezer- Large (DF-S)	20	1,316,000
5	Walk in Cooler (WIC)	2	2,198,000
6	Walk in Freezer	1	2,100,400
TOTAL			94,54,300

All the equipment's had also been delivered to their respective locations and payments are being released on case-to-case basis.

Boosting the Healthcare Infrastructure

During the pandemic, supporting the healthcare infrastructure was the utmost priority to cater the arising number of cases in the hospitals and based on the requests received from various hospitals, SJVN has extended the financial support for activities as under:

- Procurement of 2 ventilators & 50 Semi Fowler beds for Indira Gandhi Medical College (IGMC), Shimla
- Procurement of 2 ventilators for Mahatma Gandhi Hospital Complex Rampur, Khaneri
- Procurement of 50 semi fowler beds at Arrah and Buxar, Bihar
- Procurement of 50 semi fowler beds with side rails, drip stand and cardiac table for IGMC Shimla
- Procurement of one COVID-19 Rapid Testing Machine for Civil Hospital, Uttarkashi, UK
- Procurement of cardiac monitor, oxygen concentrator etc. at Community Hospital Joginder Nagar H.P.
- Distribution of PPE Kits for IGMC Shimla, Mahatma Gandhi Hospital Rampur, Civil Hospital, Reckongpeo H.P., District Hospital Buxar and Medical Staff of MMUs.
- Procurement of Face Masks and sanitizer across all project locations of SJVN.
- Covid-19 awareness through radio, newspapers, banners etc.
- Deployment of Vehicles and Ambulance with Local Administration for COVID-19 duty.
- Financial Support towards purchase of 104 PPE Kits for 13 MMUs to HelpAge India
- Corona Warrior Reward given to 1180 sanitization workers of MC, Shimla and 34 sanitization workers of SJVN (on contract) with an amount of ₹ 5000/- to each warrior to recognize their tireless efforts and exemplary work during the pandemic.
- Lunch provided for 2 months to 350 medical staff engaged in COVID-19 duty of Safadarjung Hospital, New Delhi
- Providing locally stitched cotton masks, food items, sanitizers in Project Affected Areas of SJVN.

Un-interrupted Medical Services at Doorstep through MMUs:

Since lockdown, SJVN has been continuously providing the medical treatment through its dedicated fleet of 14 Medical Mobile Units (MMUs) under the name of “Satluj Sanjeevani Sewa” for serving the local community at their doorsteps and also creating awareness among the masses. The medical staff of all 14 MMUs is equipped with PPE Kits and other safety equipment’s for treatment of patients and as result we were able to continue to treat the patients. During the panic situation and chaos among local community due to the novel virus COVID-19, the MMUs proved to be a life line for the needy, as well as in disseminating information about preventive measures and improving personal hygiene in far flung areas where providing basic facilities had become a big challenge during the lockdown. These MMUs were also used for regular thermal scanning of employees of SJVN, CISF and other people in the project affected areas. 104 PPE kits were also provided to HelpAge India for their staff deployed in MMU service.

Distribution of safety items, food packets and monthly ration to the needy persons

SJVN has distributed safety items, food packets and monthly ration to the needy persons during the pandemic for safety and to fight against the COVID-19. The details are as under:

Development works in Aspirational District, Chamba

The programme 'Transformation of Aspirational Districts' was launched by the Centre which aims at quickly and effectively transforming these districts. The initiative has been taken for compressing the gap between developed and underdeveloped districts termed as Aspirational Districts. The GOI has formulated this initiative in January 2018 aiming to improve India's ranking under Human Development Index. SJVN has been allocated district Chamba on the directions of DPE under aspirational district program. Accordingly, SJVN approached district administration, Chamba for taking up developmental projects based on annual common CSR theme. The projects are being monitored jointly by SJVN and representatives of Dy. Commissioner, Chamba.

Due to outbreak of COVID-19, nationwide lockdown and state restrictions no new projects were sanctioned in the FY 2020-21 in the aspirational District Chamba. However, the already approved activities were continued in FY 2021-22 and the theme-wise detail of projects is as under:

Theme: "Health & Nutrition, with special focus on COVID related measures including setting up makeshift hospitals and temporary Covid Care facilities" for the FY 2021-22.

DPE vide OM dated 12.05.2021 has shared the national theme of FY 2021-22 for CSR expenditure i.e. "Health & Nutrition, with special focus on COVID related measures including setting up makeshift hospitals and temporary Covid Care facilities".

Further, DC Chamba vide letter no. 13466 dated 11.05.2021 has requested SJVN to provide the various medical items which are required by CMO, Chamba and Medical College Chamba to fight against COVID-19. Subsequently, on examination of the proposal by DSHEP sanction letter to DC Chamba for financial support of ₹39.73 Lakh was issued. 1st installment of 50% amount of ₹19.86 Lakh has been released to DC Chamba. The order has been placed through GeM and procurement is under process

Purchase of 4D Ultrasound Machine:

DC Chamba has submitted a proposal for procurement for procurement and installation of 4D Ultrasound Machine at Medical College Chamba to improve the health facilities and better diagnosis of diseases. Accordingly, vide letter dt. 09.12.2021 SJVN Foundation has agreed to extend financial support of ₹1.00 Crore to DC Chamba for

procurement and installation of 4D Ultrasound Machine at Medical College Chamba. The payment will be made in two equal installments of ₹50.00 Lakhs each, whereunder the 1st installment of ₹50.00 Lakhs has been released to DC Chamba on 04.02.2022 to start the procurement.

THEME: School Education, Healthcare & Nutrition (FY 2019-20)

The annual theme for FY 2019-20 was “School Education, Healthcare & Nutrition” accordingly SJVN has extended financial support to district administration, Chamba for infrastructure development in areas of *School Education, Healthcare & Nutrition* in the district. The support extended to DC, Chamba for the activities in the FY 2019-20 is being continued in FY 2021-22 and the component wise break-up of the items provided and their status and financial expenditure is as under:

SN	Activity	Total Cost (₹ In Lakh)	Amount Released (₹ In Lakh)	Remarks
1	Mobile Van with CBNAAT Machine	45.00	42.97	Completed
2	Silt Lab Microscope with Applanation Tonometer	3.31	3.31	Completed
3	Setting 18 libraries in Educational Block Level	86.40	86.02	Completed
4	Nutrition & Health Kit for lactating and pregnant women	100.70	67.00	Ongoing
TOTAL		235.41	199.30	

THEME: School Education and Healthcare (FY 2018-19)

The annual theme for the year FY 2018-19 was School Education and Healthcare. The project taken up on the given theme in aspirational district, Chamba had started in FY 2019-20 and continued in FY 2020-21 and FY 2021-22. The detail of the project taken up are as under:

a. Construction of Schools Buildings:

SJVN with the support of district administration is constructing 17 primary school buildings situated in 10 blocks of district where school dropout is a common phenomenon due to absence of school in nearby location.

This project will benefit the schools of 10 remote blocks of District Chamba namely Sundla, Salooni, Chowari, Kallhel, Tissa, Hardaspura, Chamba, Gehra, Pangi and Bharmour. The initial total cost of this project was ₹ 261.66 Lakhs for construction of 17

Units @ Rs 15.39 Lakh per Unit and each unit includes - 2 rooms with site development, playground, boundary wall, toilets and kitchen sheds. However, an additional amount of ₹34.26 Lakh was approved to be extended to DC Chamba on account of the school units falling in the remotest areas of the Distt. Chamba and involving head load carriage up to 5 to 6 KM from main approach road to actual construction sites, resulting in increase in the cost of construction.

The revised Project cost and the expenditure incurred so far are as under:

Total Project Cost	Payments released by SJVN Foundation to DC Chamba
₹295.89 lakh	₹ 258.73 lakh

Also, as on date an amount of ₹258.73 Lakh stands released to DC Chamba in four installments. Further, out of total 17 primary school buildings, construction in 07 schools has been completed. 09 schools are at finishing level, 01 school at roof level. The work is in progress and being regularly monitored by Education Department and also jointly by SJVN and representatives of DC Chamba.

b. Health Infrastructure Project: SJVN received proposal from District Administration, Chamba for following health care facilities with the overall cost of ₹139.80 Lakhs in the FY 2019-20 and accordingly SJVN had sanctioned the

same. However due to the pandemic the works got delayed and hence, continued till FY 2021-22. Now the has been completed and status is as under:

(Amount In ₹ Lakh)

S.N.	Particulars	Qty.	Total cost	Amount Released (Based on actual expenditure)
1.	Mortuary,	01	139.80	121.61 (Work completed)
2.	Mobile Medical Unit	01		
3.	Ambulance	01		
4.	Dead Body Van	02		
5.	Semi Auto Analyser	05		
6.	Cardiac Monitor	04		
7.	Oxygen Concentrator	10		

Recognition of CSR Efforts of SJVN

The term **corporate social responsibility (CSR)** refers to practices and policies undertaken by corporations that are intended to have a positive influence on the world. The CSR efforts of SJVN have been recognized both at national and international forum by credible agencies. The company's CSR arm SJVN Foundation is implementing various measures under the different CSR verticals over the years and also documenting the efforts on a regular basis for making presentation before various awards committees. The award process involves multi stage evaluations, scrutiny by eminent juries, presentation, site visits and reference check from various statutory and concerned authorities.

12th CIDC Vishwakarma Awards 2021

SJVN has been conferred with “12thCIDC Vishwakarma Award” for Corona Warrior category. The award was conferred to SJVN for exceptional its contribution towards the containment of COVID-19 during the pandemic time.

13th CIDC Vishwakarma Awards 2022

SJVN has been conferred with 13th CIDC Vishwakarma Awards 2022 in the categories of 'Corona Warriors Award' and 'Partners in Progress.' The prestigious awards have been conferred to SJVN for exceptional contributions and initiatives in Health & Hygiene, Education & Skill development, Infrastructural development, and Sustainable development under its Corporate Social Responsibility. Besides above, Smt. Geeta Kapur Director (Personnel) & Chairperson, SJVN Foundation has also been honored with 'CIDC Chairman's Commendation Trophy in the Individual Capacity.'

Global CSR Excellence & Leadership Award

SJVN has been conferred with Global CSR Excellence & Leadership Award by World CSR Congress under the category of “Best COVID-19 solution for community care” in grand Ceremony at Hotel Taj Mumbai on 24.03.2022

SUCCESS STORIES

1. SUCCESS STORY OF MMU-II - DISTRICT- KINNAUR

A. Bari is a small village/hamlet in Tehsil - Nichar in District Kinnaur of Himachal Pradesh. It is located 30KM towards west from District Headquarter Reckong Peo. The Nathpa Jhakri Hydro Power Station (NJHPS-1500 MW) is approx. 40 KM away from this village and lies under the affected area of the Project. The case study is based on Smt. Inder Mani. She lives with her husband, son, daughter and two grandsons. Smt. Inder Mani interacted with MHU in Nov 2016. But was also taking the treatment

before interaction with MHU. According to Smt. Inder Mani, she is facing problem of Bronchial Asthma and Osteoarthritis of both knee joints hypertension & also peptic dyspepsia since last few years. Due to this she became very weak. She told that in the beginning she went to CHC Bhabanagar to take consultancy about her ill health. But due to unavailability of doctor, the para medical staff referred her to Rampur for proper check-up. She went to Rampur which is 65 KM. from Bari. The MMU medical consultant advised her for adequate treatment and after taking proper medication, Smt. Inder Mani is healthy now and there is considerable improvement in her joint pain. She said that **“MMU operated by Nathpa Jhakri project is providing best health services in our area. Patients need not to go far away”**.

B. Kashpo is a small village/hamlet in Nichar Tehsil in District Kinnaur of Himachal Pradesh State. It comes under Nichar Panchayat. The Nathpa Jhakri Hydro Project (NJHP-1500 MW) is 21 KM away from this village and this community under the affected area of the Project. So that the MHU providing their services last few years to this community. Mr Hari Singh is 70yr old. The patient

is apparently normal before 10 ten years above, then he had developed small nodule on his right eye at medial canthus. He ignores it and does not taking any medical advice for that, then the primary lesion continue to grow and cover the whole eye with surrounding structure within 5-6 year then he start creeping pain sensation and bleeding through his Right eye then he go to CHC Rampur where doctor advise him for surgery.

Mr Hari Singh came into MHU in Oct 2016. He told his all past history to our Medical consultant. HelpAge medical health unit has done general physical examination, blood sugar, blood pressure and start symptomatic and preventive treatment for him.

According to Mr Hari Singh he feel healthy now. He said that MHU providing better health service in our area. Patients have not to go far away. He also said that this facility reach at door step of our areas and providing best health services for the people and persons not paid for it. He thanks Help Age India, SJVN MMU staff for this great initiative.

Treatment:- Amoxicillin & Clavulanate Potassium 625 (BD) Cinnerzen OD EYE Aplicap (OD) and B. Complex

2. SUCCESS STORY OF MMU-I - DISTRICT- SHIMLA

A. Sumi Devi, 70 years old and resident of Basara Village, which falls under Dhargaura panchayat of Tehsil Rampur Bushehar, Basara village is 20 km far from the HelpAge India Mobile Health Care Unit office.

Sumi Devi has one son and three daughters all are married her husband had passed away and she lives separately from her children and does agriculture work in her farm. According to Sumi Devi, she was unwell since last three months.

On third Sept. 2020 she approached MMU with a complaint of backache and symptoms of anxiety such as lack of sleep at night and decreased appetite. On examination it was found that she was hypertensive her blood pressure level was (160/80). The mobile health unit consultant provided her appropriate medication and continued consulting her with regard to her health from time to time.

After regular examination, her anxiety was gone and blood pressure was back to normal 130/80. According to her, the Civil Hospital and PHC were far away from her village and it was very difficult for her to travel in bus and stand in queue of senior citizen for treatment. According to Sumi Devi, whenever she falls ill, she takes medicines from the mobile health unit. Now, she gets a quality health check-up at door step with free medicine. After regular checkup and continuous diagnosis, in her interview she said that:

She is very happy with the service provided by the Mobile Health Care Unit. Her blood pressure is under control now. She is very happy with MHU team and medicines and is also getting relief from the medicines provided by MHU. According to Sumi Devi, such health services should run in future also so that more people are benefitted.

B. According to Mr. Raghuveer, he has been coming to MHU for the last 6 years to get his health checkup and take medicines. He has benefited a lot from MHU, they are getting free medicines at their doorstep, they do not have to go to chemist's shop for medicines, due to which they save both money and time. Mr.

Raghuveer also said that he has benefited more from the MHU's health check-up, his health has been greatly borrowed and he is feeling good.

Mr. Raghuveer Singh was found with a blood pressure problem in 2006 and was detected diabetic in 2008. This was diagnosed after he suffered symptoms like dryness in mouth, high heart rate, and increase in urination. He has been visiting the MHU van since it has been available in their area, from about 2014.

He also consults other doctors in Rampur (MGMC Khaneri) and Saharan, which is the closest medical facility to his village. He visits a specialist in Shimla in few months for a specialist consultation who recommends him to keep taking medicines from the MHU and suggests some medicines that he buys from Sarahan village.

He is a fit person and walks every day about 10 Km's return journey from his place.

Mr. Raghuveer Singh highly appreciates the help that the Help Age team has provided him. Now he doesn't have to worry about sugar and Blood pressure levels because the team regularly keeps them in check and gives proper medical intervention when required. Also, whenever he has problems like fever, rash etc. they are cured with proper medical diagnoses by the MHU (Help Age India) Medical consultant.

Treatment Patient is a known case of DM2, HTN and BPH. MHU Medical consultant has prescribed medicines like: Enalapril 5mg, ODMetformin 500 mg & BDTamulosin 0.4 mg OD

3. SJVN Physiotherapy Centres – A Boon For Patients

A. At project hospital, Bayal-RHPS

Hit by a paralytic stroke in January 2021, Yograj, a 40 year-old taxi driver from Nirmand village of Kullu, for eight months was bedridden and unable to even access the toilet. All family savings and borrowed money had been used up for treatments availed at Rampur, Solan and Chandigarh hospitals.

“He was brought to Physiotherapist centre at SJVN hospital Bayal on 9th September, 2021 in a completely disabled state,” Dr. Priyanka Sharma, the attending physiotherapist there. The distressed family had heard about a physiotherapy clinic operating at Bayal hospital which they decided to try out.

Financially exhausted, the patients wife approached the Bayal Hospitals authorities for help. A mobile medial unit (MMU) ambulance, run by SJVN, picked up the patient from his home and brought him free of charge to the physiotherapy clinic for treatment.

Put on a regular muscle building exercise schedule, within two months Yograj had been able to regain enough strength to move his paralysed leg and arm. “He can now independently go to the toilet” his wife said.

In a slurred voice, still damaged by the effects of the stroke, Yograj displayed confidence saying, “I’m much better now and will only get better.” To demonstrate his improved state, he rose from his bed unassisted and with the help of a walking stick limped around in the exercising room of the clinic. In a year Yograj hopes to be fit enough to earn a livelihood to support his wife and two small school going children.

The clinic has proved a boon for him and many other patients being treated at the two Physiotherapy centres being run by SJVN at Bayal and Jhakri hospitals.

During a span of 4 years, over 7000 patients suffering for arthritis, chronic backache, spinal or stiff neck problems, accident victims, sports injuries, post-operative patients

needing exercising care, those suffering from back, shoulder or limb injuries and many other patients, till November, 2021 have availed physiotherapy services at the Bayal clinic.

B. Physiotherapy centre at project hospital - Jhakri –NJHPS

Encouraged by the response to the centre, in August 2021 another clinic was opened at SJVN Jhakri hospital. In four months, till November 2021, 1500. Patents have been attended / treated so far.

Sheela Devi, a middle aged housewife from Jhakri, had undergone a knee replacement surgery, whereas Pushpa Devi, a 60 year-old lady from a village in Kinnaur, is suffering from chronic

knee joint pain problems. The two ladies have been undergoing a light physical as well as weight assisted exercising schedule. In between ultrasonic heat therapy is also given.

According to Sheela “With the help of a walker, now I’m able to walk”. Earlier it was so painful that I would simply avoid it.

Pushpa, whose knee pain was so severe that she was unable to sleep “there is much comfort. I’m at least able to sleep now. “Improving the quality of lives of many patients, without the assistance of surgery or medicines, these physiotherapy clinics run by SJVN have built up a reputation as quality healthcare centres.

4. Weaving a Tradition, Empowering The People

Conserving the cultural heritage and participating in the community development of the region where ever SJVN has ventured to set up a project is a mandate that the company imbued as its corporate social responsibility (CSR) since the start.

To promote Start-Up's, conserve a culture and empower the people with self-employment avenues, it was in 2019-20 that SJVN decided to train 200 people in weaving trades.

“Weaving was a way of life for every household in Kinnaur, but today there are very few people who can work on handlooms,” says Sudarashana, a young lady from Kinnaurs'Chaura village.

By November 2021, four training camp sheld at Jeori, Bhava, Dehra and at Spillo village had been completed. The Jeori camp was held under the supervision of Nathpa-Jhakri Hydro Power Station, the Bhava camp under Rampur Hydropower Station, the Dehra camp under Luhri Hydro Electric Project and the Spillo camp under the jurisdiction of Jangi-Thopan Hydro Electric Project.

The trainees, mostly women, proved to be keen learners. Master weavers with HPSHC were engaged to impart the year-long training. The accommodation equipped with traditional handlooms was set up by SJVN. All trainees were given a monthly stipend and to get self-employed enterprise started after completion of the years training, all trainees were gifted the handlooms on which they had trained.

“The weaving training camp connected me with my roots,” says Sudarashana. “Now I’m self-employed and regularly weave shawls, mufflers and other woollen garments. Not only I’m skilled now, but ‘am also able to contribute towards the family income,” she adds.

Sapna, another young lady from the Chaura village, beams with confidence at having started earning an income after getting trained at the weaving camp. “There is much demand for the products I make and all of them get sold in the village market itself,” she says. Thankful for being handed the handloom to get started, Sapna now does earn a monthly income that ranges anywhere between Rs 10 to 15 thousand.

Mamta, a 32-year-old housewife, was one of the trainees at the Jeori camp. “Earlier I had much free time on my hands, but after this training conducted by SJVN, I enjoy weaving in my spare time,” she says. “Working daily is improving my skill and is also helping me to earn an income,” said Mamta.

Sonia, a graduate who trained at same Jeori camps as, “the training and the loom have got me busy. Now, I’m trying to upgrade my weaving skills so that finer designs can be crafted. Dimple, another housewife trainee, is proud to have started to contribute towards the household income.

Higher up in a Kinnaur valley at Spillo village, ten women and two men also completed their year-long weaving training camp in August, 2021.

This SJVN CSR initiative has found much resonance with many women in Satluj River valley basin. For Kinnauri women it is helping to revive and conserve a handicraft that was a source of livelihood for many generations, and for others it has empowered them with a skill which enables them to earn a decent income.

5. Bites from beneficiaries of Manav Mandir- Indian Association of Muscular Dystrophy, Solan (HP)

A. नाम :लक्षित

उम्र 7 :साल

निवासी :हरियाणा

हमारे बच्चे को दो वर्ष पूर्व अचानक चलने – फिरने में परेशानी होने लगी जैसे चलते चलते गिर जाना या बैठे रहना जिसके लिए कई चिकित्सीय परामर्श लिए पर कोई लाभ न मिलने पर दिल्ली में श्री गंगा राम अस्पताल दिल्ली दिखाया जहाँ डॉ॰ रतन पुरी जेनेटिक विशेषज्ञ ने इस आनुवंशिक परीक्षण कराया तो यह पता चला कि इस उसे मुस्कलर डिस्ट्रॉफी नाम की बीमारी और उन्होंने कहा कि इस रोग की कोई दवा नहीं है और हमें इस एच एस्ट्रोयेड शुरू करनी पड़ेगी और हमने सोचने के लिए थोड़ा समय लिया उसके बाद हमने आई॰ए॰एम॰डी॰ मानव मंदिर दिखाया हिमाचल प्रदेश जहाँ मस्कलर डिस्ट्रॉफी का परीक्षण कराया जिससे यह पता चला कि कौन कौन सी मांसपेशियां कमजोर हैं एवं जिसके बाद फिजियोथेरेपी और हाइड्रोथेरेपी शुरू की गयी और लगातार फिजियोथेरेपी और हाइड्रोथेरेपी लेने के बाद लक्षित जो चलने में भी असमर्थ था अब धीरे धीरे सीढ़ियां चलने लगा और अब पहले से काफी सुधार हुआ है।

B. Name: Pranjal Dubey,

Age : 12 yrs,

From : Jhansi, Uttar Pradesh.

Pranjal has been suffering from Duchenne Muscular Dystrophy. He had been taken to various hospitals for the treatment but no satisfactory results were found. “The kind of reply I had been getting led me and my family under great stress” he said. “In 2020 I came to know about IAMD through Google. I was pleased to know that there is a rehab center for the patients of Muscular Dystrophy. I was not able to visit IAMD because of first Lock down. After a year I finally went to IAMD, known as Manav Mandir. I had not been able to walk for more than 2 years but after visiting the centre and getting the therapy, I am now able to stand. After undergoing hydrotherapy and Physiotherapy continuously for 4 months, I am able to walk 2-3 steps and my arms have also got some power. IAMD is truly very helpful in improving my inner strength and confidence. Thanks IAMD and SJVN”.

C. Name: Dr. Sunita

Designation: Physiotherapist

I have been working in this hospital since last five years as a physiotherapist. IAMD is providing the required treatment to whomsoever is suffering from Muscular dystrophy and need a remedy. My most treasured experience here is talking to families of people with muscular dystrophy about their strong background stories. Seeing patients from throughout India and also from the neighboring countries, returning after getting the desired results brings me unparalleled joy. I am also grateful to the SJVN Foundation, who has, since the very beginning, helped to shape our dream project.

6. SJVN - Sincerely Sustaining Religious Culture and Traditions of Himachal Pradesh

Chambu Devta was always given prime importance in each and every pooja performed at the project by the company. It is also believed that with the blessings of Devta any bottleneck faced in project construction would be solved easily. Many believe that the project completion and smooth operations are due to the blessings of Chambu Devta.

Vishal Mehta, President of the Mandir Committee says that the renovation work had been completed till March 2021 at a cost of about ₹2.7 crore which was largely funded by SJVN under its CSR works. He

says that for bringing the temple to its present level, a lot of efforts had been made in architecture, planning, construction, sourcing of material and involvement of stone and wood carving specialists. Most of the material used, he says, is local and from other places in Himachal Pradesh. The carving artists were engaged from the village Chiragi. He further said that the main precinct of the temple will house Chambu Devta where he resides except in the winter months when the Devtas are shifted to Kothi, another adjacent building. Normally on 22nd April every year a religious fair is organized in the temple.

Chambu Devta temple is not the only one renovated by SJVN to its present glory, but many other temples in the villages surrounding its projects have been renovated by SJVN under its CSR arm. Jagdish Negi, Gram Pradhan of Kaphor village near Chaura, falling on Hindustan Tibet highway tells that the HIRAMA Mata mandir in this village was in a dilapidated condition till SJVN came forward to help its renovation. He says that the Base boundary wall of the temple as well as the community hall have been renovated at a cost of ₹27 lac funded by SJVN. The

beautiful temple stands conspicuously on the left bank of the river and is clearly visible from the national highway.

The 300 years old Koyla Devi temple in village Koyal, near 412 MW Rampur Hydro Power Station too has been renovated at a cost of ₹24.5 lac funded by SJVN. Kuldeep Singh, an official managing the temple affairs tells that this village temple was in a very dilapidated condition. Now with the help of SJVN the temple has a sprawling main entrance, a beautifully wooden carved outer precinct besides some other small structures. The temple also has been provided with solar lights and other facilities by SJVN.

7. SJVN Contributes Rs 50 Lakh For Uttarakhand Disaster Relief

To help Uttarakhand mitigate the damage done by unusually heavy rains that struck the hill state in October 2021, SJVN Foundation has contributed ₹50.00 lakh for disaster reconstruction works.

Besides SJVN, six other central public sector power companies have contributed towards reconstruction and restoration of government schools and health centres in the state.

On behalf of all the power CPSUs, Union Power Minister Shri RK Singh had recently presented the collective Rs 22.5 crore cheque to Shri DS Rawat, Uttarakhand Minister for Disaster Management at a function held in Delhi. The Uttarakhand chief minister Shri Pushkar Singh Dhami was virtually present on the occasion. The Minister of State for Power Shri Krishan Pal Gurjar, Union Secretary Power, Shri Alok Kumar and CMDs of Power CPSUs also attended the function.

The contribution was made from the CPSUs Corporate Social Responsibility (CSR) fund. It is to be used for the reconstruction and restoration of 478 schools spread across 8 districts (Bageshwar, Nanital, Udham Singh Nagar, Pauri, Chamoli, Almora, Champawat and Pithoragarh) and 28 health centres in 5 districts (Almora, Champawat, Udham Singh Nagar, Nanital, and Pithoragarh) in the state.

Other than SJVN, the Power PSUs who had contributed to the fund includes NTPC, REC, PFC, Powergrid, NHPC and THDC. Uttarakhand State Disaster Management Authority (USDMA) has been made the nodal agency to execute the project within a one and half years' time frame.

Unusually heavy rains had hit several parts of Uttarakhand on 17-18 October that had resulted in loss to many lives and caused severe damage to infrastructure which included public schools and health facilities of the state

8. SJVN Helps 15 Sirmour Villages Meet Their Water Supply Needs

As many as 15 villages of district Sirmour having a population of about 1600 habitants have found a new source of water supply, courtesy SJVN funded check dam constructed over Gount Khad at a cost of ₹57.00 lakh.

Changes in the complex weather cycles are impacting the rural areas of Sirmour in the Shivalik ranges of Himachal Pradesh too like other regions. The need for water continues to grow as sources dry up and regular irrigation facilities fail, bringing down agricultural production.

Conserving and storing water have therefore assumed great importance in the rural economy. Sensing the need, after the locals made a representation, public sector SJVN stepped in to mitigate the problem of a rural habitat near the district headquarters Nahan, H.P.

A survey of Gount Khad, a seasonal rivulet, was conducted for creating a small water storage check dam. SJVN came forward to fund construction of a 'Multi-Purpose Medium Height Check Dam' on the rivulet. It was a new initiative under its Corporate Social Responsibility (CSR) environment sustainability program.

Executed at a cost of ₹57.00 Lakh, the Gount Khad check dam is one of the first water conservation projects in the region. Funded by SJVN, the dam has been constructed by Jal Shakti Vibhag, Nahan, a government of Himachal Pradesh department. The dam was completed in October 2021 and the scheme has already been made operational.

In the first stage more than 15 villages, namely Nihog, Dhirath, Shiharad, Gasani, Gussan, Shathari, Chakli, Gount, Banama and Dadoga, etc having a population of about 1600 residents, were benefited with a better supply of drinking water.

The 3.25 meter-high, 30-meter-long dam has a capacity to hold as much as 50 lakh liters of water. There are at least six drinking water schemes, including the Lift Water Supply

Scheme (LWSS) of Gount village and LWSS LOH Saroga Tikker village, on the downstream side of this dam.

Earlier, after a heavy rainfall, many water supply schemes would get affected by flood-like conditions, but construction of the dam now controls the downstream flooding in the rivulet besides storing water. Construction of this dam is also helping in recharging groundwater systems.

Other than augmenting the drinking water supply schemes, the storage dam would also provide irrigation facilities to about 3000 bighas of land in the second phase of the project. The belt grows crops of ginger, potato, tomato, corn, onion, garlic and green peas. A bounty harvest is only possible when the rains are timely and good for the farming community which is totally dependent on rain fed agriculture in the region.

“Construction of the dam has proved to be a boon for us,” says Tulsi Ram, a resident of Gount village. “We only had a state-run irregular water supply that could not be relied upon in the summer months. Gount Khad dam has now made more water available on a regular basis and has tremendously improved our lives,” he added.

For Sagar Singh, another farmer of Gount village, suffering from the changes in weather cycle because of effects of climate change, the check dam has given rise to hope. “Growing crops here had become very difficult as there were no rains when the crops needed water. The weather has changed. Now it does not rain but pours that damages the crops,” says Sagar. For him and other farmers in the region, an irrigation facility that uses the storage dam waters had become an emergent need. “The irrigation facility will definitely improve our farm productivity,” says Sagar. Other beneficiaries of the scheme also say that this project would help them fulfill their aspirations for local area development.

Safe and regular availability of water is important for public health, whether it is used for drinking, domestic use, food production, or recreational purposes. Improved water supply and sanitation, and better management of water resources will boost economic growth and can contribute towards poverty reduction. SJVN, under its Corporate Social Responsibility Policy, is committed to fulfilling such societal needs of rural communities.

Small measures, like SJVN’s environment sustainability conservation check dam project in Himachal Pradesh, is helping rural communities to weather the damages to lives and livelihoods being brought about by global climate change patterns.

Closing Remarks

For the financial year 2020-21, SJVN Foundation had been provided with a CSR budget of ₹42.67 Crore while the total budget spent shot up to ₹ 52.87 Crore. And in FY 2021-22, the SJVN foundation had been provided with CSR budget of ₹58.57 Crore against which the total amount of ₹51.67 Crore was spent on key activities under CSR verticals identified as per schedule VII of the Companies Act, 2013 and it was a matter of great satisfaction that the Foundation was able to meet the needs and aspiration of local population in and around the project areas.

In health and hygiene, the mobile medical units 'Satluj Sanjeevani Sewa' were able to reach out to as many as 1,50,489 patients spread across its project areas in the states of Himachal Pradesh, Uttarakhand, Bihar and Maharashtra during the year FY 2021-22. Currently, 14 MMUs are being operated through HelpAge India across the projects and since inception of the services, it has attended 10,74,411 patients.

As a measure to promote ancient Ayurveda based low-cost health-care system, SJVN decided to continue to organize health awareness-cum-lifestyle programs based on Ayurvedic system. Accordingly, 200 ayurvedic camps were organized during FY 2020-21 and 400 ayurvedic camps were organized during FY 2021-22 around the project areas through Bhartiya Dharohar

Apart from the above services, SJVN has also established healthcare facilities in its Projects. Dental clinic services and physiotherapy services are being offered to people around the projects in Bayal and Jhakri. These services are offering free treatment to all the people specially the elderly who suffer from muscular and joint issues due to old age and the hilly terrain they live in. All of them have widely acclaimed the services. This year more than 1372 patients were offered free dental care and 4239 patients were offered physiotherapy services through the project facilities.

SJVN has been regularly extending financial support to key medical institutions in upgrading their medical infrastructure. SJVN has provided financial support to Indian Association of Muscular Dystrophy (IAMD) for construction of an Integrated Muscular Dystrophy Centre at Solan, and also for construction of Rotary Ashray which is a shelter home for attendants of cancer patients undergoing treatment in IGMC, Shimla.

Buxar Thermal Power Plant (BTTP), under SJVN CSR Initiatives for Healthcare Programmes and Swachhata activities, has successfully addressed the issue of availability of potable water for locals due to high contents of Arsenic metal in the lands of Buxar. Further, sanitary napkins vending machines and incinerators were installed at 20 different Government schools while installation of water ATMs is also under process by BTTP.

Deen Dayal Upadhyay SJVN Krishi Yojana is a scheme instituted by the Government of India to double the income of Farmers by 2022. In order to extend the facilities under the scheme to farmers in Himachal Pradesh, SJVN entered into MOU with Dr. Y.S. Parmar University of Horticulture and Floriculture, Nauni and CSK University Palampur, for imparting skill training to farmers in areas of new and scientific methods of cultivation in the year 2019-20. Around 7711 farmers have already been trained under the scheme during the past few years and the farmers have observed substantial improvement in their income. In FY 2021-22 a fresh MoU was executed with CSK University Palampur for imparting skill training to 1000 farmers out of which 750 farmers have been trained. Also, sanction letter was issued to Nauni University for organizing 06 no one day farmer camps at project area for 1500 farmer out of which 1250 farmers has been provided necessary training.

For promotion of education and adding motivation to school children in taking up higher studies, SJVN has been providing financial assistance to students in their higher studies under the SJVN Silver Jubilee Merit Scholarship Scheme since 2012. Due to pandemic the scheme placed on health and now the scholarship is being provided to 257 students cumulative of FY 2020-21 and FY 2021-22.

Under sustainable development, SJVN has been taking up the issues of Swachhta Hi Sewa through construction and maintenance of school toilets under 'swachh vidyalaya abhiyan' and observance of swachhta pakhwada. This year Swachhta Pakhwada was observed with great zeal and enthusiasm in all projects and offices of SJVN. Activities like Swachhta pledge, cleanliness drives, installation of dustbins etc. were undertaken. Apart from these the company has also been undertaking activities like restoration of water bodies, installation of solar street lights etc. in its project areas, construction of multipurpose dams in Gount, H.P. Also, SJVN under Deen Dayal Upadhyay Yojna has

successfully restored 07 bodies during FY 2021-22 out of 12 water bodies under taken for restoration. In addition, for sustainable development SJVN has been providing financial assistance of supply and installation of solar lights in the areas of presence.

Further, SJVN has been providing assistance in infrastructure building and other aids such as construction of community halls, construction of hostel blocks in Himachal Pradesh, National Law University (HPNLU), installation of grid connected Solar Power Plant in GHSS Munderi, Kannur, and Kerala, construction of ambulance and link roads in rural areas, development of parks, construction of shops in Sujanpur H.P etc. Over the years SJVN has built and shaped thousands of infrastructures like school buildings, roads, public parks, crematoriums, check dams, playground etc. In this area, as many as 93 community assets were taken up for construction in the project areas cumulative of FY 2020-21 and FY 2021-22. Out of 93 community assets 52 have been completed in FY 2021-22.

To promote and preserve the local culture, the company has been supporting and renovating temples of local importance such as Bhimakali, Tara Mata temple, Chambu Devta Temple, Shri Kali Temple, etc. SJVN has also adopted four heritage sites of cultural importance in Himachal Pradesh which include Sapani Fort, Sangla, Kinnaur, Parshuram Temple complex, Nirmand, Kalka-Shimla Railway, Kalpa and Chhitkul village, Kinnaur. Also, in the FY 2021-22, SJVN Foundation provided support to various sports activities such as National Ice Hockey development camp, 9th Women National Ice Hockey Championship, kabaddi and wrestling match to GSSS Cheog, Shimla H.P, construction of badminton court in Buxar, Bihar, installation of electronic target system in shooting range at Indira Gandhi State Sports Complex, Shimla etc.

This year, under assistance during natural disasters, the company has contributed to Department of Disaster Management and Rehabilitation GoUK and also undertaken construction of fodder/Wood storage rooms for victims of fire in local village of Uttarkashi districts in Uttarakhand. In addition, SJVN has also provided support for relief to the fire victims of purbani village, Kinnaur H.P and flood victims in Buxar, Bihar. Also, SJVN has provided every sort of support for rescue operation during landslide in Nigulsari, Kinnaur, H.P.

The company had taken a special initiative out of its CSR budget to provide funds for combating sudden outbreak of novel CORONA virus, for which it has provided liberal assistance to medical institutions and its staffs through medical infrastructure support and protective gears such as mask, PPE kits, gloves and sanitizers.

Apart from the activities undertaken under the identified verticals, many other activities were also undertaken by the company this year. SJVN has taken up district Chamba under 'aspirational district programs' where it has taken up activities such as School Education, Healthcare & Nutrition, combating Covid-19 etc. The infrastructure facilities being provided include creation of school buildings in remote blocks, setting of library and different medical infrastructure like mobile van etc.

SJVN and its CSR SJVN Foundation will continue to stand by the society to make it a better place to live. For the year 2022-23, SJVN Foundation has been provided with a budget of ₹53.23 Crore for undertaking various ongoing and new activities.
